Log of Amendments

Exposure Draft ESRS for Certain Non-EU Undertakings in Accordance with Article 40a of the Accounting Directive

ESRS-40a ED

JULY 2026

Open Consultation

DEADLINE: 31 OCTOBER 2026

ESRS-40a Exposure Draft – Log of Amendments

Annex to the Basis for Conclusions – Illustration of the Amendments

Disclaimer: The Log of Amendments accompanies but is not part of the ESRS40a Exposure Draft. It complements and should be read in conjunction with the Basis for Conclusions (BFC), where a summarised description of the main changes to Standards can be found. It does not reflect the position of the European Union or the European Commission DG Financial Stability, Financial Services and Capital Markets Union (DG FISMA).

Introduction

(a) **This document complements and should be read in conjunction with the Basis for Conclusions where a summarised description of the main changes to individual Standards can be found.**
(b) This document illustrates the differences between ESRS as adopted by the European Commission on 3 July 2026 ('2026 ESRS') and ESRS regarding certain non-EU undertakings in accordance with Article 40a of the Accounting Directive (ESRS-40a).
(c) The starting point is the text of the 2026 ESRS, with each paragraph listed and numbered in Column 1.
(d) A markup is provided in Column 2 including text added or removed. Text added has been underlined in Column 2. Text deleted is marked as strikethrough (~~strikethrough~~) in Column 2. Where text is unchanged this is also included (no change to text) including where there is no change to a paragraph.
(e) The last column includes the following two components:
    a. A description of changes made to the paragraph using the following terminology:
        i. Amended
        ii. Unchanged
        iii. Moved
        iv. New
        v. Deleted
    b. A rationale for changes to amended text. Possible explanations are as follows:

Rationale for change	**Explanation of rationale**
RORD	ESRS-40a considers the undertaking's *impacts.* Therefore, the following elements have been removed from the standard: risks, opportunities, resilience, and dependencies (RORD).
Level 1 Provision	Compulsory component required by CSRD.
Mixed Approach	ESRS-40a option to limit the non-climate disclosure to EU-related impacts only
Other – specify	Other changes not included above.

ESRS-40a 1 – General Requirements

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
Objective	**Objective**	Change: Unchanged
1. The European Sustainability Reporting Standards (ESRS) specify the sustainability information that undertakings are required to disclose in accordance with Directive 2013/34/EU (Accounting Directive)[1] as amended by Directive (EU) 2022/2464 (Corporate Sustainability Reporting Directive - CSRD)[2] and by Directive (EU) 2026/470 (Omnibus I Directive)[3].	~~1. The European Sustainability Reporting Standards (ESRS) specify the sustainability information that undertakings are required to disclose in accordance with Directive 2013/34/EU (Accounting Directive)[1] as amended by Directive (EU) 2022/2464 (Corporate Sustainability Reporting Directive - CSRD)[2] and by Directive (EU) 2026/470 (Omnibus I Directive)[3].~~	Change: Deleted Rationale: Level 1 Provision
	1. (New) In accordance with Article 40(a) of the Accounting Directive[1], and subject to meeting certain thresholds (see paragraphs 9 to 13), a subsidiary undertaking established or a branch located in the European Union ('the subsidiary undertaking or branch') whose ultimate parent undertaking is governed by a law of a third country shall publish and make accessible a sustainability report (***ESRS-40a sustainability report***) covering information about their ultimate third-country parent or group undertaking's material ***impacts*** on people and the environment.	Change: New Rationale: Level 1 Provision
2. ESRS require the undertaking to disclose information about its material ***impacts*** on people and the environment and about its material ***sustainability-related risks*** and ***opportunities*** (collectively 'impacts, risks and opportunities'). Reporting under these two perspectives constitutes the ***double materiality*** principle (see Chapter 3).	2. ~~ESRS require the undertaking to disclose information about its material ***impacts*** on people and the environment and about its material ***sustainability-related risks*** and ***opportunities*** (collectively 'impacts, risks and opportunities'). Reporting under these two perspectives constitutes the ***double materiality*** principle (see Chapter 3).~~ The European Sustainability Reporting Standards for Certain Non-EU Undertakings in Accordance with Article 40a of the Accounting Directive (ESRS-40a) specify the sustainability information that the ***ESRS-40a sustainability report*** shall cover.	Change: Amended Rationale: Level 1 Provision

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
	3. (New) The ***ESRS-40a sustainability report*** shall be prepared at the level of that ultimate third-country parent undertaking or of its group, as further described in paragraphs 27 to 31 below.	Change: New Rationale: Level 1 Provision
	4. (New) EU subsidiaries or branches of the third-country parent undertaking which are subject to the requirements of the ESRS-40a need not publish and make available a ***ESRS-40a sustainability report***, if their ultimate third-country parent undertaking prepares a sustainability statement in accordance with the full set of European Sustainability Reporting Standards (ESRS) as applicable to undertakings in the European Union[2] or in a manner equivalent to those sustainability reporting standards[3], and if the requirements for assurance and accessibility have been met for the sustainability statement prepared by the ultimate third-country parent undertaking in accordance with ESRS or equivalent sustainability reporting standards.	Change: New Rationale: Level 1 Provision
3. The objective of the ***sustainability statement***, taken as whole, is to present fairly (see Chapter 2) all the undertaking's material ***sustainability-related impacts***, ***risks*** and ***opportunities*** and how the undertaking manages them. The reported information shall be decision-useful for the ***users*** of general-purpose sustainability statements.	5. (ESRS 1, para 3) The objective of the ***ESRS-40a sustainability ~~statement~~report***, taken as whole, is to present fairly (see Chapter 2) all the ~~undertaking's~~ parent undertaking or group's material ***sustainability-related impacts***, ***~~risks~~*** and ***~~opportunities~~*** and how the parent undertaking or group manages them. The reported information shall be decision-useful for the ***users*** of general-purpose ESRS-40a sustainability ~~statements~~reports.	Change: Amended Rationale: Level 1 Provision, RORD
4. ***Users*** of general-purpose ***sustainability statements*** are:	6. (ESRS 1, para 4) ***Users*** of general-purpose ***ESRS-40a sustainability ~~statements~~reports*** are:	Change: Amended Rationale: Level 1 Provision
(a) primary users of general-purpose financial reports, such as existing and potential investors, lenders and other creditors, including asset managers, credit institutions and insurance undertakings; and	(a) primary users of general-purpose financial reports, such as existing and potential investors, lenders and other creditors, including asset managers, credit institutions and insurance undertakings; and	Change: Unchanged

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
(b) other users of general-purpose sustainability statements, such as the undertaking's business partners, social partners (trade unions and employer organisations), civil society and nongovernmental organisations.	(b) other users of general-purpose ESRS-40a sustainability ~~statements~~reports, such as the undertaking's business partners, social partners (trade unions and employer organisations), civil society and non-governmental organisations.	Change: Amended Rationale: Level 1 Provision
5. In its ***sustainability statement***, the undertaking shall disclose information about the material ***impacts***, ***risks*** and ***opportunities*** organised under ***topics*** to which they relate. This information shall cover the following reporting areas: (a) governance, (b) strategy including ***financial effects***, (c) the management of impacts, risks and opportunities, including related ***policies*** and ***actions***, and (d) ***metrics*** and ***targets.***	7. (ESRS 1, para 5) In its ***ESRS-40a sustainability ~~statement~~report***, the parent undertaking or group shall disclose information about the material ***impacts~~, risks and opportunities~~*** organised under ***topics*** to which they relate. This information shall cover the following reporting areas: (a) governance, (b) strategy ~~including financial effects~~, (c) the management of impacts~~, risks and opportunities~~, including related ***policies*** and **actions**, and (d) ***metrics*** and ***targets***.	Change: Amended Rationale: Level 1 Provision, RORD
6. ESRS do not mandate behaviour except for behaviour specifically related to the reporting of sustainability information. Reporting in accordance with ESRS does not exempt the undertaking from other obligations, including due diligence obligations, laid down in Union law.	8. (ESRS 1, para 6) ESRS-40a do not mandate behaviour except for behaviour specifically related to the reporting of sustainability information. Reporting in accordance with ESRS-40a does not exempt the undertaking from other obligations, including due diligence obligations, laid down in Union law.	Change: Unchanged
APPLICATION REQUIREMENTS – ARs	**APPLICATION REQUIREMENTS – ARs**	
AR 1 for para. 4 **(General-purpose)** The terms 'general-purpose financial reports' and 'general-purpose ***sustainability statements***' refer to reports that:	**AR 1 for para. 4** **(General-purpose)** The terms 'general-purpose financial reports' and 'general-purpose ***ESRS-40a sustainability ~~statements~~reports***' refer to reports that:	Change: Amended Rationale: Level 1 Provision
(a) are addressed to ***users*** with a reasonable knowledge of the general subject matters of such reports; and	(a) are addressed to ***users*** with a reasonable knowledge of the general subject matters of such reports; and	Change: Unchanged
(b) consider the decision-useful information that groups of users need, without aiming to meet all the specific information needs of each individual user.	(b) consider the decision-useful information that groups of users need, without aiming to meet all the specific information needs of each individual user.	Change: Unchanged
	Reporting under articles 40(a) to 40(d) of the Accounting Directive	Change: New

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
		Rationale: Level 1 Provision
	9. (New) The Accounting Directive provides that the subsidiary undertaking or branch, established in the European Union with the following characteristics shall publish and make accessible an ***ESRS-40a sustainability report***:	Change: New Rationale: Level 1 Provision
	(a) on their balance sheet date, they exceed a net turnover of EUR 200 000 000 in the preceding financial year;	Change: New Rationale: Level 1 Provision
	(b) their ultimate parent undertaking is governed by the law of a third country; and	Change: New Rationale: Level 1 Provision
	(c) the ultimate third-country parent undertaking at the group level – or, if not applicable, at the individual level – generated a net turnover in the European Union exceeding EUR 450 000 000 for each of the last two consecutive financial years.	Change: New Rationale: Level 1 Provision
	10. (New) Where the information necessary to prepare the ***ESRS-40a sustainability report*** is not available, the subsidiary undertaking or branch shall request from its ultimate third-country parent undertaking all the necessary information. If all the necessary information is not provided, the subsidiary undertaking or branch shall draw up, publish and make accessible an ESRS-40a sustainability report containing all the information in its possession, obtained or acquired.	Change: New Rationale: Level 1 Provision
	11.(New) The ***ESRS-40a sustainability report*** shall be accompanied by an assurance opinion, as required by Article 40(a)(3) of the Accounting Directive.	Change: New Rationale: Level 1 Provision
	12.(New) If not all the necessary information requested in accordance with paragraph 10 is available, or if the assurance opinion per paragraph	Change: New

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
	11 has not been provided without prejudice to the requirement to have an assurance opinion, the subsidiary undertaking or branch shall state this clearly, as required in ESRS-40a 2 BP 2 – *Specific information, if the undertaking uses phasing-in options and other specific circumstances*.	Rationale: Level 1 Provision
	13. (New) The term 'undertaking' is used in ESRS-TC-40a to indicate the ultimate third-country parent undertaking or group – in accordance with its applicable accounting requirements (i.e. the ultimate third-country parent and its subsidiaries) – or, if the ultimate third-country parent undertaking has only branches and not subsidiaries, the individual level of the ultimate third-country undertaking.	Change: New Rationale: Level 1 Provision
1. ESRS Standards and drafting conventions	**1. ESRS Standards and drafting conventions**	Change: Unchanged
1.1. ESRS standards and entity-specific disclosures	**1.1. ESRS-40a standards and entity-specific disclosures**	Change: Unchanged
7. ESRS 1 *General Requirements* explains drafting conventions and sets out general requirements for identifying the undertaking's material ***impacts***, ***risks*** and ***opportunities***, and for preparing and presenting information to be reported. It also sets out general requirements for the basis of preparation of the ***sustainability statement***.	14. (ESRS 1, para 7) ESRS-40a 1 *General Requirements* explains drafting conventions and sets out general requirements for identifying the undertaking's material ***impacts, risks and opportunities,*** and for preparing and presenting information to be reported. It also sets out general requirements for the basis of preparation of the ***ESRS-40a sustainability statement report***.	Change: Amended Rationale: RORD, Level 1 Provision
8. The undertaking shall apply this Standard in conjunction with ESRS 2 *General Disclosures* (both referred to as 'cross-cutting standards') and with the topical standards.	15. (ESRS 1, para 8) The undertaking shall apply this Standard in conjunction with ESRS-40a 2 *General Disclosures* (both referred to as 'cross-cutting standards') and with the topical standards.	Change: Unchanged
9. ESRS 2 *General Disclosures* establishes Disclosure Requirements (DRs) on the information that the undertaking shall provide at a general level across all the ***topics*** to which its material ***impacts***, ***risks*** and ***opportunities*** relate, covering the reporting areas listed in paragraph 5.	16. (ESRS 1, para 9) ESRS-40a 2 *General Disclosures* establishes Disclosure Requirements (DRs) on the information that the undertaking shall provide at a general level across all the ***topics*** to which its material ***impacts, risks*** and ***opportunities*** relate, covering the reporting areas listed in paragraph 57.	Change: Amended Rationale: RORD
10. Topical standards address ***topics*** and sub-topics, complementing the requirements provided in ESRS 2 *General Disclosures,* and encompass the reporting areas listed in paragraph 5. The table in Appendix A *List of topics* provides an overview of the topics and sub-topics covered by topical standards.	17. (ESRS 1, para 10) Topical standards address ***topics*** and sub-topics, complementing the requirements provided in ESRS-40a 2 *General Disclosures*, and encompass the reporting areas listed in paragraph 57. The table in Appendix A List of topics provides an overview of the topics and sub-topics covered by topical standards.	Change: Unchanged

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
11. If the undertaking concludes that a ***topic*** related to a material ***impact***, ***risk*** or ***opportunity,*** is not covered, or not covered with sufficient granularity, by an ESRS, it shall provide entity-specific disclosures taking account of the provisions on fair presentation in Chapter 2. This may be the case due to sectorial specificities or other facts and circumstances relevant to the undertaking itself.	18. (ESRS 1, para 11) If the undertaking concludes that a ***topic*** related to a material ***impact~~, risk~~*** or ***~~opportunity,~~*** is not covered, or not covered with sufficient granularity, by an ESRS-40a, it shall provide entity-specific disclosures taking account of the provisions on fair presentation in Chapter 2. This may be the case due to sectorial specificities or other facts and circumstances relevant to the undertaking itself.	Change: Amended Rationale: RORD
12. When developing its entity-specific disclosures, the undertaking shall consider comparability over time and with other undertakings that operate in the same sector(s).	19. (ESRS 1, para 12) When developing its entity-specific disclosures, the undertaking shall consider comparability over time and with other undertakings that operate in the same sector(s).	Change: Unchanged
APPLICATION REQUIREMENTS – ARs	**APPLICATION REQUIREMENTS – ARs**	
AR 2 for para. 11 **(Entity-specific topics)** Depending on the undertaking's facts and circumstances, there may be ***topics*** other than those covered in ESRS topical requirements that the undertaking shall cover following its ***materiality*** assessment. This may be the case where its ***business model*** and strategy are associated with material ***impacts***, ***risks*** and ***opportunities*** that do not correspond to ESRS topics.	**AR 2 for para. ~~11~~18** **(Entity-specific topics)** Depending on the undertaking's facts and circumstances, there may be ***topics*** other than those covered in ESRS-40a topical requirements that the undertaking shall cover following its ***materiality*** assessment. This may be the case where its ***business model*** and strategy are associated with material ***impacts~~, risks~~*** and ***~~opportunities~~*** that do not correspond to ESRS-40a topics.	Change: Amended Rationale: RORD
AR 3 for para. 11 **(Requirements for entity-specific disclosures)** When developing entity-specific disclosures, the undertaking shall ensure that:	**AR 3 for para. ~~11~~18** **(Requirements for entity-specific disclosures)** When developing entity-specific disclosures, the undertaking shall ensure that:	Change: Unchanged
(a) they meet the qualitative characteristics of information set out in Appendix B; and	(a) they meet the qualitative characteristics of information set out in Appendix B; and	Change: Unchanged
(b) the disclosures include the material information needed for the relevant reporting areas listed in paragraph 5.	(b) the disclosures include the material information needed for the relevant reporting areas listed in paragraph ~~5~~7.	Change: Unchanged
AR 4 for para. 11 **(Entity-specific disclosures and metrics)**	**AR 4 for para. ~~11~~18** **(Entity-specific disclosures and metrics)**	Change: Unchanged

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
When determining the usefulness of ***metrics*** for inclusion in its entity-specific disclosures, the undertaking shall ensure that:	When determining the usefulness of ***metrics*** for inclusion in its entity-specific disclosures, the undertaking shall ensure that:	
(a) its chosen metrics provide relevant information about material ***impacts***, ***risks*** or ***opportunities***;	(a) its chosen metrics provide relevant information about material ***impacts***~~***, risks*** or ***opportunities***~~;	Change: Amended Rationale: RORD
(b) the measurement ensures faithful representation based on information and assumptions that are reasonable, supportable, and verifiable; and	(b) the measurement ensures faithful representation based on information and assumptions that are reasonable, supportable, and verifiable; and	Change: Unchanged
(c) it has provided sufficient contextual information.	(c) it has provided sufficient contextual information.	Change: Unchanged
AR 5 for para. 12 **(Sources for entity-specific disclosures)** In developing its entity-specific disclosures, the undertaking may use available best practices, frameworks or reporting standards, such as IFRS industry-based guidance and GRI Standards (including GRI topics and sector standards).	**AR 5 for para. ~~12~~19** **(Sources for entity-specific disclosures)** In developing its entity-specific disclosures, the undertaking may use available best practices, frameworks or reporting standards, such as IFRS industry-based guidance and GRI Standards (including GRI topics and sector standards).	Change: Unchanged
1.2. Drafting conventions	**1.2. Drafting conventions**	Change: Unchanged
13. Throughout ESRS, the terms that are defined in the *Glossary of terms defined in ESRS* (Annex II, table 2, of Delegated Regulation (EU) …/… [O.P.: *please insert the number of that Delegated Regulation C(2026) 5010] (European Sustainability Reporting Standards - ESRS*))[4] are denoted in ***bold italic***, except when a defined term is used more than once in the same paragraph.	20. (ESRS 1, para 13) Throughout ESRS-40a, the terms that are defined in the *Glossary of terms defined in ESRS*-40a (ESRS-40a Annex II, table 2)~~, of Delegated Regulation (EU) …/… [O.P.: *please insert the number of that Delegated Regulation C(2026) 5010] (European Sustainability Reporting Standards - ESRS*))~~[5] are denoted in ***bold italic***, except when a defined term is used more than once in the same paragraph.	Change: Amended Rationale: Other (editorial)
14. The terms 'sustainability topic' and 'sustainability sub-topic' in ESRS are understood to be synonymous with the terms 'sustainability matters' or 'sustainability factors' as used in Directive 2013/34/EU (Accounting Directive). Disclosures in ESRS are structured into ***topics***. A topic is further disaggregated into sub-topics. In ESRS, the term ***topic*** (in ***bold italic***) is used to indicate either a topic or a sub-topic depending on the most	21. (ESRS 1, para 14) The terms 'sustainability topic' and 'sustainability sub-topic' in ESRS-40a are understood to be synonymous with the terms 'sustainability matters' or 'sustainability factors' as used in Directive 2013/34/EU (Accounting Directive). Disclosures in ESRS-40a are structured into ***topics***. A topic is further disaggregated into sub-topics. In ESRS-40a, the term ***topic*** (in ***bold italic***) is used to indicate either a topic or a sub-topic depending on the most appropriate level of granularity needed to meet the respective disclosure objectives.	Change: Unchanged

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
appropriate level of granularity needed to meet the respective disclosure objectives.		
15. In all ESRS:	22. (ESRS 1, para 15) In all ESRS~~:~~ 40a '***impacts***' refers to actual and potential, positive and negative impacts on people and the environment.~~; and~~	Change: Amended Rationale: Other (editorial)
(a) '***impacts***' refers to actual and potential, positive and negative impacts on people and the environment; and	~~(a) '***impacts***' refers to actual and potential, positive and negative impacts on people and the environment; and~~	Change: Deleted Rationale: Other (editorial)
(b) '***risks***' and '***opportunities***' refer to the undertaking's ***sustainability-related risks*** and opportunities that affect (or could reasonably be expected to affect) the undertaking's financial performance, financial position, cash flows, access to finance or cost of capital over the short, medium or long term.	~~(b) '***risks***' and '***opportunities***' refer to the undertaking's ***sustainability-related risks*** and opportunities that affect (or could reasonably be expected to affect) the undertaking's financial performance, financial position, cash flows, access to finance or cost of capital over the short, medium or long term.~~	Change: Deleted Rationale: RORD
	23. (New) For acronyms and definitions, preparers shall consult ESRS-40a Annex II – Acronyms and Glossary of Terms.	Change: New Rationale: Level 1 Provision
16. Material ***impacts***, ***risks*** and ***opportunities*** reported in the ***sustainability statement*** are understood to be the same as the undertaking's principal impacts, risks and opportunities referred to in the Directive 2013/34/EU (Accounting Directive).	24. (ESRS 1, para 16) Material ***impacts~~, risks~~*** and ***~~opportunities~~*** reported in the ***ESRS-40a sustainability ~~statement~~report*** are understood to be the same as the undertaking's principal impacts~~, risks and opportunities~~ referred to in the Directive 2013/34/EU (Accounting Directive).	Change: Amended Rationale: Level 1 Provision, RORD
17. The structure of information in ESRS is based on 'Disclosure Requirements' (DRs). Each DR consists of one or more distinct datapoints. DRs are signalled by the terms 'shall disclose', 'shall report', 'shall describe' and 'shall explain' to indicate that the information in question is prescribed, subject to ***materiality*** of information (see paragraphs 23 and 24).	25. (ESRS 1, para 17) The structure of information in ESRS-40a is based on 'Disclosure Requirements' (DRs). Each DR consists of one or more distinct datapoints. DRs are signalled by the terms 'shall disclose', 'shall report', 'shall describe' and 'shall explain' to indicate that the information in question is prescribed, subject to ***materiality*** of information (see paragraphs ~~23 and 24~~36 and 37).	Change: Unchanged

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
18. ESRS contain mandatory 'Application Requirements' (ARs) that support the application of, and have the same authority as, the requirements prescribed in the main body of the standards. ARs in ESRS 2 *General Disclosures* and in topical standards support the preparation of disclosures that meet the qualitative characteristics of information (see Appendix B). ARs use the term 'shall consider' to indicate issues, resources or methodologies that the undertaking is expected to take into account or to use in the preparation of a given disclosure. ARs also include presentation options, indicating that a given piece of information may be provided in tabular form, as narrative text or using other types of presentation options.	26. (ESRS 1, para 18) ESRS-40a contain mandatory 'Application Requirements' (ARs) that support the application of, and have the same authority as, the requirements prescribed in the main body of the standards. ARs in ESRS-40a 2 *General Disclosures* and in topical standards support the preparation of disclosures that meet the qualitative characteristics of information (see Appendix B). ARs use the term 'shall consider' to indicate issues, resources or methodologies that the undertaking is expected to take into account or to use in the preparation of a given disclosure. ARs also include presentation options, indicating that a given piece of information may be provided in tabular form, as narrative text or using other types of presentation options.	Change: Unchanged
	1.3. Reporting scope	Change: New Rationale: Level 1 Provision, Mixed approach
	27. As detailed in paragraph 68 below, the ***ESRS-40a sustainability report*** under ESRS-40a is for the same reporting undertaking as the group financial statements of the ultimate third-country parent undertaking in accordance with the accounting requirements applicable to that parent undertaking.	Change: New Rationale: Level 1 Provision
	28. (New) Regardless of the provisions of paragraph 27, provided that the condition in paragraph 29 is met, for ***impacts*** other than those that are climate-related the undertaking may limit the reported information to	Change: New Rationale: Level 1 Provision, Mixed Approach
	(a) impacts that arise from products and services that were or can be reasonably assumed to be sold or provided in the EU market, including by third parties (downstream ***value chain*** actors such as distributors and traders); and	Change: New Rationale: Mixed Approach

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
	(b) impacts of the undertaking's European Union activities, if not already included in 28 (a), collectively defined as the undertaking's ***EU-related impacts***.	Change: New Rationale: Mixed Approach
	29. The option to limit the scope of reported information in paragraph 28 is applicable only where a meaningful identification of the ***EU-related impacts*** is possible, enabling a faithful representation of those ***impacts*** for the purpose of ESRS-40a reporting, aligned with	Change: New Rationale: Mixed Approach
	(a) how the undertaking's own operations, its products and its service offering are structured or managed; and	Change: New Rationale: Mixed Approach
	(b) how its upstream and downstream ***value chain*** or chains are structured and operate.	Change: New Rationale: Mixed Approach
	30. The undertaking may apply the option in paragraph 28 either:	Change: New Rationale: Mixed Approach
	(a) to all the ***impacts*** related to a specific ***topic*** (e.g. all impacts related to ESRS-40a E2 *Pollution*);	Change: New Rationale: Mixed Approach
	(b) to all the impacts related to a specific sub-topic (e.g. all the impacts related to ***pollution*** to air); or	Change: New Rationale: Mixed Approach
	(c) to a group of impacts related to a topic or sub-topic.	Change: New Rationale: Mixed Approach
	31. ***Impacts*** in paragraph 28 are those defined in paragraph 52 of ESRS-40a 1.	Change: New

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
		Rationale: Level 1 Provision, Mixed Approach
	APPLICATION REQUIREMENTS – ARs	Change: New Rationale: Mixed Approach
	AR 6 for paragraph 29 **(Meaningful identification of EU-related impacts)** (New) When assessing whether a meaningful identification of ***EU-related impacts*** is possible, the following are examples of factors that the undertaking may consider:	Change: New Rationale: Mixed Approach
	(a) existence of a separate business segment dedicated to serving the EU-market;	Change: New Rationale: Mixed Approach
	(b) products or services specifically designed for the EU-market;	Change: New Rationale: Mixed Approach
	(c) separate management of EU-related ***impacts***; or	Change: New Rationale: Mixed Approach
	(d) ***value chains*** dedicated to products and services that were or can be reasonably assumed to be sold or provided in the EU market.	Change: New Rationale: Mixed Approach
	AR 7 for paragraph 30 (c) **(Group of impacts)**	Change: New Rationale: Mixed Approach

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
	(New) A group of ***impacts*** refers to impacts within the same ***topic*** or sub-topic that may be considered together for reporting purposes. For example, an undertaking may limit reporting on:	
	(a) air ***pollution*** to ***EU-related impacts*** only but may report on ***microplastics*** on a global scope; or	Change: New Rationale: Mixed Approach
	(b) diversity and ***equal treatment*** to EU-related impacts only but may report on gender equality on a global scope.	Change: New Rationale: Mixed Approach
2. Fair presentation and qualitative characteristics of information	**2. Fair presentation and qualitative characteristics of information**	Change: Unchanged
19. Fair presentation requires disclosure of relevant information about the undertaking's material ***impacts***, ***risks*** and ***opportunities*** in accordance with Chapter 3 and their faithful representation in accordance with the requirements set out in this Standard (for relevance and faithful representation see Appendix B). To achieve faithful representation, the undertaking shall provide a complete, neutral and accurate depiction of its material impacts, risks and opportunities.	32. (ESRS 1, para 19) Fair presentation requires disclosure of relevant information about the undertaking's material ***impacts***~~***, risks*** and ***opportunities***~~ in accordance with Chapter 3 and their faithful representation in accordance with the requirements set out in this Standard (for relevance and faithful representation see Appendix B). To achieve faithful representation, the undertaking shall provide a complete, neutral and accurate depiction of its material impacts~~, risks and opportunities~~.	Change: Amended Rationale: RORD
20. Fair presentation also requires that the undertaking discloses:	33. (ESRS 1, para 20) Fair presentation also requires that the undertaking discloses:	Change: Unchanged
(a) information that is comparable, verifiable and understandable (see Appendix B); and	(a) information that is comparable, verifiable and understandable (see Appendix B); and	Change: Unchanged
(b) entity-specific information, when applying ESRS is not sufficient to enable ***users*** to understand the undertaking's material ***impacts***, ***risks*** and ***opportunities*** and how the undertaking manages them (see paragraph 3).	(b) entity-specific information, when applying ESRS is not sufficient to enable ***users*** to understand the undertaking's material ***impacts***~~***, risks*** and ***opportunities***~~ and how the undertaking manages them (see paragraph 3).	Change: Amended Rationale: RORD
21. Applying ESRS, including the ***materiality*** filter as set out in paragraph 24, and with entity-specific disclosures when necessary	34. (ESRS 1, para 21) Applying ESRS~~,~~ 40a when necessary (see paragraph 18), including the ***materiality*** filter as set out in paragraph ~~24~~37~~, and~~ with	Change: Amended

AR 17 for para. 37 **(Materiality assessment for undertakings managing investments at certain conditions)** Where the undertaking manages investments subject to a fiduciary duty on behalf of its clients pursuant to a mandate agreed with those clients without retaining risks or rewards of ownership, that undertaking is not expected to assess the ***impacts***, ***risks*** and ***opportunities*** related to those investments.	~~**AR 17 for para. 37**~~**AR 19 for para. 45** **(Materiality assessment for undertakings managing investments at certain conditions)** (ESRS 1, AR 17) Where the undertaking manages investments subject to a fiduciary duty on behalf of its clients pursuant to a mandate agreed with those clients without retaining risks or rewards of ownership, that undertaking is not expected to assess the ***impacts~~, risks~~*** and ***~~opportunities~~*** related to those investments.	Change: Amended Rationale: RORD
	AR 20 for para. 48 **(Relationship of impact and financial materiality)** (New) The undertaking's ***impacts*** may give rise to ***sustainability-related risks*** and ***opportunities*** for the undertaking. While ESRS-40a require the undertaking to report on impacts only, this does not, exclude reporting on impacts that do or may result in sustainability-related risks and opportunities, nor does it exclude reporting on impacts that are generated by ***actions*** taken to address certain ***risks*** or to seize opportunities.	Change: New Rationale: Level 1 Provision, RORD

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
	If the undertaking prepares information on its sustainability-related risks and opportunities and for that purpose performs a ***materiality*** assessment, it can leverage on such assessment in the identification of its material impacts to be reported in its ***ESRS-40a sustainability report***. In this case, it shall also consider impacts that are material for ESRS-40a reporting but which are not reasonably expected to affect the undertaking's financial performance, financial position, cash flows, or its access to finance or cost of capital over the short, medium or long term.	
3.2.1. Impact materiality assessment	~~**3.2.1. Impact materiality assessment**~~	Change: Deleted Rationale: RORD
38. The ***impact materiality*** assessment identifies the undertaking's material impacts.	50. (ESRS 1, para 38) The ***impact materiality*** assessment identifies the undertaking's material impacts.	Change: Unchanged
39. The undertaking shall report information about a given ***topic*** from an ***impact*** perspective if that topic relates to the undertaking's material actual or potential, positive or negative impacts on people or the environment over the short, medium or long term. Impacts include those connected with the undertaking's own operations and its upstream and downstream ***value chain***, including through its ***products*** and services, as well as through its ***business relationships*** in its upstream and downstream value chain. Business relationships are not limited to direct contractual relationships.	51. (ESRS 1, para 39) The undertaking shall report information about a given ***topic*** from an ***impact*** perspective if that topic relates to the undertaking's material actual or potential, positive or negative impacts on people or the environment over the short, medium or long term. Impacts include those connected with the undertaking's own operations and its upstream and downstream ***value chain***, including through its ***products*** and services, as well as through its ***business relationships*** in its upstream and downstream value chain. Business relationships are not limited to direct contractual relationships.	Change: Unchanged
40. For actual negative ***impacts***, ***materiality*** shall be assessed based on the severity of the impact. For potential negative impacts, it shall be assessed based on a combination of severity and likelihood. Severity shall be assessed based on the following factors: scale, scope and irremediable character of the impact. In the case of a potential negative human rights impact, the severity of the impact takes precedence over its likelihood.	52. (ESRS 1, para 40) For actual negative ***impacts***, ***materiality*** shall be assessed based on the severity of the impact. For potential negative impacts, it shall be assessed based on a combination of severity and likelihood. Severity shall be assessed based on the following factors: scale, scope and irremediable character of the impact. In the case of a potential negative human rights impact, the severity of the impact takes precedence over its likelihood.	Change: Unchanged

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
41. For actual positive ***impacts***, ***materiality*** shall be assessed based on the scale and scope of the impact. For potential positive impacts, materiality shall be assessed based on the scale, scope and likelihood of the impact.	53. (ESRS 1, para 41) For actual positive ***impacts***, ***materiality*** shall be assessed based on the scale and scope of the impact. For potential positive impacts, materiality shall be assessed based on the scale, scope and likelihood of the impact.	Change: Unchanged
42. The results of engagement with affected ***stakeholders*** carried out in the context of ongoing sustainability due diligence activities is a key input to the ***impact materiality*** assessment. Affected stakeholders are individuals or groups whose interests are affected or could be affected by the undertaking's activities and its direct and indirect ***business relationships*** in its upstream and downstream **value chain**. Civil society, non-governmental organisations and trade unions as ***users*** can be proxies for affected stakeholders.	54. (ESRS 1, para 42) The results of engagement with affected ***stakeholders*** carried out in the context of ongoing sustainability due diligence activities is a key input to the ***impact materiality*** assessment. Affected stakeholders are individuals or groups whose interests are affected or could be affected by the undertaking's activities and its direct and indirect ***business relationships*** in its upstream and downstream **value chain**. Civil society, non-governmental organisations and trade unions as ***users*** can be proxies for affected stakeholders.	Change: Unchanged
43. The following applies in determining how to consider, in the materiality assessment, ***policies*** and ***actions*** to prevent, mitigate, bring to an end, minimise and remediate negative ***impacts***:	55. (ESRS 1, para 43) The following applies in determining how to consider, in the materiality assessment, ***policies*** and ***actions*** to prevent, mitigate, bring to an end, minimise and remediate negative ***impacts***:	Change: Unchanged
(a) the severity of actual negative ***impacts*** – those that manifest during the reporting year – shall be assessed as they actually manifested themselves during the reporting year. ***Actual impacts*** include those that have originated in the previous reporting periods and continue to exist in the current reporting period. Their severity is assessed based on the current reporting period, i.e. taking into account how they were mitigated, brought to an end or minimised in the previous periods. The assessment shall not consider **remediation** activities to address impacts if those activities were undertaken during the reporting period;	(a) the severity of actual negative ***impacts*** – those that manifest during the reporting year – shall be assessed as they actually manifested themselves during the reporting year. ***Actual impacts*** include those that have originated in the previous reporting periods and continue to exist in the current reporting period. 2026 ESRS 1	**ESRS-40a 1**	**Description of Change & Rationale**
This Appendix is an integral part of ESRS 1 *General Requirements* and has the same authority as the other parts of the Standard. This Appendix defines the qualitative characteristics that the information presented in the ***sustainability statement*** prepared in accordance with ESRS shall meet, as outlined in Chapter 2 of ESRS 1 *General Requirements*.	This Appendix is an integral part of ESRS-40a 1 *General Requirements* and has the same authority as the other parts of the Standard. This Appendix defines the qualitative characteristics that the information presented in the ***ESRS-40a sustainability ~~statement~~report*** prepared in accordance with ESRS-40a shall meet, as outlined in Chapter 2 of ESRS-40a 1 *General Requirements*.	Change: Amended Rationale: Level 1 Provision
Relevance	**Relevance**	Change: Unchanged
QC1. Sustainability information is relevant when it may make a difference in the decisions of ***users*** under a ***double materiality*** approach (see Chapter 3).	QC1. Sustainability information is relevant when it may make a difference in the decisions of ***users*** under a ***~~double~~impact materiality*** approach (see Chapter 3).	Change: Amended Rationale: RORD
QC2. Information may make a difference in a decision even if some ***users*** choose not to take advantage of it or are already aware of it from other sources. Sustainability information may impact decisions of users if it has predictive value, confirmatory value or both. Information has predictive value if it can be used as an input to processes employed by users to predict future outcomes. Sustainability information need not be a prediction or forecast to have predictive value but rather has predictive value when employed by users in making their own predictions.	QC2. Information may make a difference in a decision even if some ***users*** choose not to take advantage of it or are already aware of it from other sources. Sustainability information may impact decisions of users if it has predictive value, confirmatory value or both. Information has predictive value if it can be used as an input to processes employed by users to predict future outcomes. Sustainability information need not be a prediction or forecast to have predictive value but rather has predictive value when employed by users in making their own predictions.	Change: Unchanged
QC3. Information has confirmatory value when it provides feedback about (confirms or changes) previous evaluations.	QC3. Information has confirmatory value when it provides feedback about (confirms or changes) previous evaluations.	Change: Unchanged
QC4. ***Materiality*** is an entity-specific aspect of relevance based on the nature or magnitude or both of the items to which the information relates, as assessed in the context of the undertaking's sustainability reporting (see Chapter 3).	QC4. ***Materiality*** is an entity-specific aspect of relevance based on the nature or magnitude or both of the items to which the information relates, as assessed in the context of the undertaking's sustainability reporting (see Chapter 3).	Change: Unchanged
Faithful representation	**Faithful representation**	Change: Unchanged
QC5. To be useful, the information must not only represent relevant phenomena; it must also faithfully represent the substance of the phenomena that it purports to represent. Faithful representation requires information to be (a) complete, (b) neutral and (c) accurate.	QC5. To be useful, the information must not only represent relevant phenomena; it must also faithfully represent the substance of the phenomena that it purports to represent. Faithful representation requires information to be (a) complete, (b) neutral and (c) accurate.	Change: Unchanged

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
QC6. A complete depiction of an ***impact***, a ***risk*** or an ***opportunity*** includes all material information necessary for the ***users*** to understand that impact, risk or opportunity. This includes how the undertaking has adapted its strategy, risk management and governance in response to that impact, risk or opportunity, as well as the ***policies*** and ***actions*** in place to manage it, and ***metrics*** identified to set ***targets*** and measure performance.	QC6. A complete depiction of an ***impact~~, a risk or an opportunity~~*** includes all material information necessary for the ***users*** to understand that impact~~, risk or opportunity~~. This includes how the undertaking has adapted its strategy, risk management and governance in response to that impact~~, risk or opportunity~~, as well as the ***policies*** and ***actions*** in place to manage it, and ***metrics*** identified to set ***targets*** and measure performance.	Change: Amended Rationale: RORD
QC7. A neutral depiction is without bias in its selection or disclosure of information. Information is neutral if it is not slanted, weighted, emphasised, de-emphasised or otherwise manipulated to make it more likely that the ***users*** will receive that information favourably or unfavourably. It shall be balanced so as to cover favourable/positive and unfavourable/negative aspects. Both negative and positive material ***impacts*** from an ***impact materiality*** perspective as well as material ***risks*** and ***opportunities*** from a ***financial materiality*** perspective shall receive equal attention. Any aspirational sustainability information, for example, ***targets*** or plans, shall cover both aspirations and factors that could prevent the undertaking from achieving these aspirations in order to have a neutral depiction.	QC7. A neutral depiction is without bias in its selection or disclosure of information. Information is neutral if it is not slanted, weighted, emphasised, de-emphasised or otherwise manipulated to make it more likely that the ***users*** will receive that information favourably or unfavourably. It shall be balanced so as to cover favourable/positive and unfavourable/negative aspects. Both negative and positive material ***impacts*** from an ***impact materiality*** perspective as well as material ***risks*** and ***opportunities*** from a ***financial materiality*** perspective shall receive equal attention. Any aspirational sustainability information, for example, ***targets*** or plans, shall cover both aspirations and factors that could prevent the undertaking from achieving these aspirations in order to have a neutral depiction.	Change: Unchanged
QC8. Neutrality is supported by the exercise of prudence, i.e. caution when making judgements under conditions of uncertainty. Information shall not be netted or compensated to be neutral. The exercise of prudence means that ***opportunities*** are not overstated and ***risks*** are not understated. Equally, the exercise of prudence does not allow for the understatement of opportunities or the overstatement of risks. The undertaking may present net information, in addition to gross values, if such presentation does not obscure relevant information and includes a clear explanation about the effects of the netting and the reasons for the netting.	QC8. Neutrality is supported by the exercise of prudence, i.e. caution when making judgements under conditions of uncertainty. Information shall not be netted or compensated to be neutral. ~~The exercise of prudence means that ***opportunities*** are not overstated and ***risks*** are not understated. Equally, the exercise of prudence does not allow for the understatement of opportunities or the overstatement of risks.~~ The undertaking may present net information, in addition to gross values, if such presentation does not obscure relevant information and includes a clear explanation about the effects of the netting and the reasons for the netting.	Change: Amended Rationale: RORD

2026 ESRS 1	ESRS-40a 1	Description of Change & Rationale
QC9. Information can be accurate without being perfectly precise in all respects. Accurate information implies that the undertaking has implemented adequate processes and internal controls to avoid material errors or material misstatements. As such, estimates shall be presented with a clear emphasis on their possible limitations and associated uncertainty (see Chapter 7.2). The amount of precision needed and attainable, and the factors that make information accurate, depend on the nature of the information and the nature of the ***topics*** it addresses. For example, accuracy requires that:	QC9. Information can be accurate without being perfectly precise in all respects. Accurate information implies that the undertaking has implemented adequate processes and internal controls to avoid material errors or material misstatements. As such, estimates shall be presented with a clear emphasis on their possible limitations and associated uncertainty (see Chapter 7.2). The amount of precision needed and attainable, and the factors that make information accurate, depend on the nature of the information and the nature of the ***topics*** it addresses. For example, accuracy requires that:	Change: Unchanged

Coherence also requires the undertaking to provide information in a way that allows ***users*** to relate information about its ***impacts***, ***risks*** and ***opportunities*** to information in the undertaking's financial statements.	Change: Unchanged
QC20. If ***risks*** and ***opportunities*** discussed in the financial statements have implications for sustainability reporting, the undertaking shall include in the ***sustainability statement*** the information necessary for ***users*** to assess those implications and present appropriate links to the financial statements (see Chapter 9). The level of information, granularity and technicality shall be aligned with the needs and expectations of users. Abbreviations shall be avoided and the units of measure need to be defined and disclosed.	QC20. ~~If ***risks*** and ***opportunities*** discussed in the financial statements have implications for sustainability reporting, the undertaking shall include in the ***sustainability statement*** the information necessary for ***users*** to assess those implications and present appropriate links to the financial statements (see Chapter 9).~~ The level of information, granularity and technicality shall be aligned with the needs and expectations of users. Abbreviations shall be avoided and the units of measure need to be defined and disclosed.	Change: Amended Rationale: RORD

ESRS-40a 2 – General Disclosures

2026 ESRS 2	ESRS-40a 2	Description of Change & Rationale
Objective	**Objective**	Change: Unchanged
1. ESRS 2 *General Disclosures* sets out the Disclosure Requirements (DRs) that apply across sustainability ***topics*** (i.e. cross-cutting). It covers the reporting areas defined in ESRS 1 *General Requirements*, paragraph 5.	1. (ESRS 2, para. 1) ESRS-40a 2 *General Disclosures* sets out the Disclosure Requirements (DRs) that apply across sustainability ***topics*** (i.e. cross-cutting). It covers the reporting areas defined in ESRS-40a 1 *General Requirements*, paragraph ~~5~~7.	Change: Unchanged
2. The undertaking shall apply the DRs defined in this Standard when providing information on material ***impacts***, ***risks*** and ***opportunities*** and the ***topics*** related to them and shall present such information in accordance with ESRS 1 *General Requirements*, paragraphs 52 and 53 on aggregation and disaggregation.	2. (ESRS 2, para. 2) The undertaking shall apply the DRs defined in this Standard when providing information on material ***impacts~~, risks~~*** and ***~~opportunities~~*** and the ***topics*** related to them and shall present such information in accordance with ESRS-40a 1 *General Requirements*, paragraphs ~~52~~58 and ~~53~~59 on aggregation and disaggregation.	Change: Amended Rationale: RORD
Disclosure Requirements	**Disclosure Requirements**	Change: Unchanged
Disclosure Requirement BP-1 – *Basis for preparation of the sustainability statement*	**Disclosure Requirement BP-1 – *Basis for preparation of the ESRS-40a sustainability ~~statement~~ report***	Change: Amended Rationale: Level 1 Provision
3. The objective of this DR is to enable an understanding of the basis for preparation of the ***sustainability statement***, including the disclosures required by ESRS 1 *General Requirements* in specific circumstances.	3. (ESRS 2, para. 3) The objective of this DR is to enable an understanding of the basis for preparation of the ***ESRS-40a sustainability ~~statement~~ report***, including the disclosures required by ESRS-40a 1 *General Requirements* in specific circumstances.	Change: Amended Rationale: Level 1 Provision
4. The undertaking shall disclose:	4. (ESRS 2, para. 4) The undertaking shall disclose:	Change: Unchanged
(a) whether the ***sustainability statement*** has been prepared on a consolidated or individual basis and in case the reporting boundary of the undertaking`s own operations differs from the one adopted in the consolidated financial statements, a description of and the reasons for this difference; and	(a) whether the ***ESRS-40a sustainability ~~statement~~ report*** has been prepared ~~on a consolidated~~ in accordance with paragraph 27 or ~~individual basis and in case~~ 28 of ESRS-40a 1. If the ~~reporting boundary of~~ report has been prepared in accordance with paragraph 28 of ESRS-40a 1, the undertaking~~`s own operations differs from~~ shall describe, per each ***topic***, sub-topic or group of ***impacts*** for which option in paragraph 28 the ~~one adopted in~~ report is applied, how it has concluded that the	Change: Amended Rationale: Level 1 Provision, Mixed approach

2026 ESRS 2	ESRS-40a 2	Description of Change & Rationale
	~~consolidated financial statements, a description of and~~ conditions in paragraph 29 are met and how it has determined the ~~reasons for this difference~~ ***EU-related impacts***, specifying the applicable options defined in ESRS-40a 1, paragraph 30; and	
(b) an overview of the extent to which the sustainability statement covers the undertaking's upstream and downstream ***value chain***.	(b) an overview of the extent to which the ESRS-40a sustainability ~~statement~~ report covers the undertaking's upstream and downstream ***value chain***.	Change: Amended Rationale: Level 1 Provision
5. The undertaking shall state that its ***sustainability statement*** has been prepared in accordance with ESRS as applicable at the end of the reporting period.	5. (ESRS 2, para. 5) The undertaking shall state ~~that~~ whether its ***ESRS-40a sustainability ~~statement~~ report*** has been prepared in accordance with ESRS-40a as applicable at the end of the reporting period.	Change: Amended Rationale: Level 1 Provision
6. The undertaking shall disclose any relief, option or other specific provision prescribed in ESRS 1 *General Requirements* that it applies, together with the related required information.	6. (ESRS 2, para. 6) The undertaking shall disclose any relief, option or other specific provision prescribed in ESRS-40a 1 *General Requirements* that it applies, together with the related required information.	Change: Unchanged
	7. (New) Where the application of a specific term or concept derived from those laws and regulations to operations outside the scope of EU laws and regulations has resulted in the use of approximations or estimations, the undertaking shall identify the specific disclosures affected and explain the approach used to the preparation of the disclosures; to the limitations on the reported information resulting from the fact that parts of the boundary are outside the scope of application of those specific terms and concepts derived from EU laws and regulations; and to the parts of the reporting boundary to which those limitations apply.	Change: New Rationale: Other (applying EU references)
	AR 1 for para.4(a) (New) The description of how *impacts* were determined to be 'EU-related' for topical standards other than ESRS-40a E1 *Climate Change* includes the methodology and parameters used to	Change: New Rationale: Mixed approach

2026 ESRS 2	ESRS-40a 2	Description of Change & Rationale
	estimate the reporting boundary. It also includes the assumptions and inputs used to develop estimates to limit the disclosure to: (a) impacts connected with the undertaking's own operations and its upstream and downstream ***value chain*** in relation to products and services that are sold or provided in the EU; and (b) impacts of own operations based in the EU, if not already covered in (a), as well as the resulting level of accuracy of the estimates. The undertaking may consider the linkages that exist between paragraph 4(a) and I-1, paragraph 29(a), to present the content in a way that avoids duplications and facilitates an understanding of the information reported in accordance with these paragraphs. Paragraph 4(a) focuses on reporting how impacts were determined to be EU-related. I-1, paragraph 29(a), focuses on a description of the process and decision-making steps it follows to identify those impacts with their related ***topics*** and to assess their ***materiality***, including the approach to covering its own operations and its upstream and downstream value chain.	
AR 1 for para. 4(a) Differences from the reporting boundary used in the consolidated financial statements may arise when a subsidiary is excluded from consolidation because it is financially non-material (ESRS 1 *General Requirements,* paragraph 62).	**AR ~~1~~2 for para. 4(a)** (ESRS 2, AR 1) Differences from the reporting boundary used in the consolidated financial statements may arise when a subsidiary is excluded from consolidation because it is financially non-material (ESRS-40a 1 *General Requirements,* paragraph ~~62~~68).	Change: Unchanged
AR 2 for para. 6 Reliefs, options or other specific provisions to be considered are the following:	**AR ~~2~~3 for para. 6** (ESRS 2, AR 2) Reliefs, options or other specific provisions to be considered are the following:	Change: Unchanged
(a) relief for acquisitions and disposals (ESRS 1 *General Requirements*, paragraphs 74 and 75);	(a) relief for acquisitions and disposals (ESRS-40a 1 *General Requirements*, paragraphs 7479 and ~~75~~80);	Change: Unchanged
(b) deviation from pre-defined time horizons (ESRS 1 *General Requirements*, paragraph 81);	(b) deviation from pre-defined time horizons (ESRS-40a 1 *General Requirements*, paragraph ~~81~~86);	Change: Unchanged

2026 ESRS 2	ESRS-40a 2	Description of Change & Rationale
(c) changes in preparation or presentation of sustainability information (ESRS 1 *General Requirements*, paragraphs 84 and 85);	(c) changes in preparation or presentation of sustainability information (ESRS-40a 1 *General Requirements*, paragraphs ~~84~~89 and ~~85~~90);	Change: Unchanged

ESRS-40a E1 – *Climate Change*

2026 ESRS E1	ESRS-40a E1	Description of Change & Rationale
Objective	**Objective**	Change: Unchanged
1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to climate change, particularly with respect to the sub-***topics*** specified in paragraph 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the ***materiality*** assessment, paragraph 30 of ESRS 1 *General Requirements* applies.	1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to climate change, particularly with respect to the sub-***topics*** specified in paragraph 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the ***materiality*** assessment, paragraph ~~30~~43 of ESRS-40a 1 *General Requirements* applies.	Change: Unchanged
2. The ***sustainability statement*** shall provide information in relation to ESRS E1 *Climate Change* if this ***topic*** relates to material ***impacts, risks*** and ***opportunities***. Such information shall cover all the reporting areas listed in paragraph 5 of ESRS 1 *General Requirements*.	2. The ***ESRS-40a sustainability ~~statement~~report*** shall provide information in relation to ESRS-40a E1 *Climate Change* if this ***topic*** relates to material ***impacts~~, risks~~*** and ~~***opportunities***~~. Such information shall cover all the reporting areas listed in paragraph ~~5~~7 of ESRS-40a 1 *General Requirements*.	Change: Amended Rationale: Level 1 Provision, RORD
3. The DRs in this Standard complement the provisions in ESRS 2 *General Disclosures*, which require the undertaking to disclose information about ***topics*** related to material ***impacts***, ***risks*** and ***opportunities***, in particular:	3. The DRs in this Standard complement the provisions in ESRS-40a 2 *General Disclosures*, which require the undertaking to disclose information about ***topics*** related to material ***impacts***, ~~***risks*** and ***opportunities,***~~ in particular:	Change: Amended Rationale: RORD
(a) ESRS 2 SBM 3 *Interaction of material impacts, risks and opportunities with strategy and business model, and financial effects*; and	(a) ESRS-40a 2 SBM 3 *Interaction of material impacts~~, risks and opportunities~~ with strategy and business model~~, and financial effects~~*; and	Change: Amended Rationale: RORD
(b) ESRS 2 IRO 2 *Material impacts, risks and opportunities and disclosure requirements included in the sustainability statement*.	(b) ESRS-40a 2 ~~IRO~~ I-2 *Material impacts~~, risks and opportunities~~ and disclosure requirements included in the ESRS-40a sustainability ~~statement~~report*.	Change: Amended Rationale: RORD, Level 1 Provision
4. In this Standard, each DR is introduced by a disclosure objective except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS 2 GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	4. In this Standard, each DR is introduced by a disclosure objective except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS-40a 2 GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	Change: Unchanged
5. This Standard takes into account the EU regulatory frameworks and other relevant frameworks, including the EU	5. This Standard takes into account the EU regulatory frameworks and other relevant frameworks, including the EU Climate Law (Regulation	Change: Unchanged

2026 ESRS E1	ESRS-40a E1	Description of Change & Rationale
Climate Law (Regulation (EU) 2021/1119), the Climate Benchmark Standards Regulation (Regulation (EU) 2020/1818), the Sustainable Finance Disclosure Regulation (SFDR) (Regulation (EU) 2019/2088), the EU Taxonomy Regulation (Regulation (EU) 2020/852) and so-called 'Pillar 3' disclosures under the Capital Requirements Regulation (Regulation (EU) 2022/2453).	(EU) 2021/1119), the Climate Benchmark Standards Regulation (Regulation (EU) 2020/1818), the Sustainable Finance Disclosure Regulation (SFDR) (Regulation (EU) 2019/2088), the EU Taxonomy Regulation (Regulation (EU) 2020/852) and so-called 'Pillar 3' disclosures under the Capital Requirements Regulation (Regulation (EU) 2022/2453).	
6. This Standard sets out DRs with respect to the following sub-topics: ***climate change mitigation***, ***climate change adaptation*** and energy.	6. This Standard sets out DRs with respect to the following sub-topics: ***climate change mitigation***, ***climate change adaptation*** and energy.	Change: Unchanged
7. ***Climate change mitigation*** relates to the undertaking's efforts to limit the increase in the global average temperature to 1.5°C above pre-industrial levels in line with the Paris Agreement and the objectives of the European Climate Law (Regulation (EU) 2021/1119). This Standard covers DRs related to how the undertaking addresses its ***GHG emissions*** as well as the associated ***transition risks***.	7. ***Climate change mitigation*** relates to the undertaking's efforts to limit the increase in the global average temperature to 1.5°C above pre-industrial levels in line with the Paris Agreement and the objectives of the European Climate Law (Regulation (EU) 2021/1119). This Standard covers DRs related to how the undertaking addresses its ***GHG emissions*** ~~as well as~~ and the associated ***impacts*** of its transition ~~***risks.***~~ to a low-carbon economy.	Change: Amended Rationale: RORD
8. ***Climate change adaptation*** relates to the undertaking's process of adjustment to actual and expected consequences of climate change. This Standard covers DRs related to climate-related hazards that may lead to physical climate ***risks*** for the undertaking and its adaptation solutions for reducing these risks. It also covers ***transition risks*** stemming from the need to adapt to climate-related hazards.	8. ***Climate change adaptation*** relates to the undertaking's process of adjustment to actual and expected consequences of climate change. This Standard covers DRs related to climate-related hazards ~~that may lead to physical climate ***risks*** for the undertaking and its adaptation solutions for reducing these risks. It also covers ***transition risks*** stemming from the need to adapt to climate-related hazards.~~, their impacts and the undertaking's responses to those hazards, including the impacts of adaptation actions. It also covers potential negative impacts arising from adaptation and maladaptation, where adaptation responses may increase vulnerability or generate adverse effects on the environment or society.	Change: Amended Rationale: RORD
9. The DRs related to energy cover all types of energy production and consumption.	9. The DRs related to energy cover all types of energy production and consumption.	Change: Unchanged

13. If the undertaking does not have in place a ***transition plan for climate change mitigation*** which includes the key features listed in paragraph 12(a), it shall disclose this fact and indicate whether and, if so, when it expects to adopt one.	13. If the undertaking does not have in place a ***transition plan for climate change mitigation*** which includes the key features listed in paragraph 12(a), it shall disclose this fact and indicate whether and, if so, when it expects to adopt one.	Change: Unchanged
APPLICATION REQUIREMENTS – ARs	**APPLICATION REQUIREMENTS – ARs**	
AR 1 for para. 12 **(Transition plan for climate change mitigation)** A ***transition plan for climate change mitigation*** sets out how the undertaking intends to transform its strategy and ***business model*** to ensure compatibility with the transition to a sustainable economy, and it includes the key features listed out in paragraph 12. The undertaking's transition plan for climate change mitigation can be either stand-alone or included in a broader ***transition plan*** covering both mitigation and adaptation aspects. If the undertaking's transition plan also covers adaptation, the disclosure shall specify this fact and cross-reference the information provided in accordance with ESRS E1-3 and E1-5.	**AR 1 for para. 12** **(Transition plan for climate change mitigation)** A ***transition plan for climate change mitigation*** sets out how the undertaking intends to transform its strategy and ***business model*** to ensure compatibility with the transition to a sustainable economy, and it includes the key features listed out in paragraph 12. The undertaking's transition plan for climate change mitigation can be either stand-alone or included in a broader ***transition plan*** covering both mitigation and adaptation aspects. If the undertaking's transition plan also covers adaptation, the disclosure shall specify this fact and cross-reference the information provided in accordance with ESRS-40a ~~E1-3 and~~ E1-5.	Change: Amended Rationale: RORD
AR 2 for para. 12(a) **(Key features description)** In disclosing the key features referred to in paragraph 12(a), the undertaking shall refer, if applicable, to disclosures on ***policies***, ***actions***, ***resources*** and ***targets*** made elsewhere (e.g. ESRS E1-5 and E1-6 as well as ESRS 2 *General Disclosures*). The	**AR 2 for para. 12(a)** **(Key features description)** In disclosing the key features referred to in paragraph 12(a), the undertaking shall refer, if applicable, to disclosures on ***policies***, ***actions***, ***resources*** and ***targets*** made elsewhere (e.g. ESRS-40a E1-5 and E1-6 as well as ESRS-40a 2 *General Disclosures*). The ***transition plan*** disclosure	Change: Unchanged

2026 ESRS E1	ESRS-40a E1	Description of Change & Rationale
transition plan disclosure consolidates the key features of the undertaking's plan into a coherent description that demonstrates that they are strategically aligned to drive business transformation. The relevant disclosures under this paragraph are:	consolidates the key features of the undertaking's plan into a coherent description that demonstrates that they are strategically aligned to drive business transformation. The relevant disclosures under this paragraph are:	
(a) a statement on whether the ***GHG emission reduction*** targets are science-based and compatible with limiting global warming to 1.5°C (with reference to ESRS E1-6, paragraph 24, and the associated Application Requirements (ARs)). If the undertaking discloses information about a transition plan that refers to GHG emission reduction targets that are not compatible with limiting global warming to 1.5°C, it shall explain that in the statement, in particular by explaining how its target value(s) compare with the reference value(s) and how it has considered future developments;	(a) a statement on whether the ***GHG emission reduction*** targets are science-based and compatible with limiting global warming to 1.5°C (with reference to ESRS-40a E1-6, paragraph ~~24~~18, and the associated Application Requirements (ARs)). If the undertaking discloses information about a transition plan that refers to GHG emission reduction targets that are not compatible with limiting global warming to 1.5°C, it shall explain that in the statement, in particular by explaining how its target value(s) compare with the reference value(s) and how it has considered future developments;	Change: Unchanged
(b) ***decarbonisation levers*** identified (with reference to ESRS E1-5), including changes in the undertaking's ***product*** and service portfolio and the adoption of new technologies in its own operations, upstream or downstream ***value chain***;	(b) ***decarbonisation levers*** identified (with reference to ESRS-40a E1-5), including changes in the undertaking's ***product*** and service portfolio and the adoption of new technologies in its own operations, upstream or downstream ***value chain***;	Change: Unchanged
(c) the amount of significant financial resources (operational or capital expenditure) allocated or expected to be allocated for the implementation of its ***transition plan for climate change mitigation***, including an indicative range of future financial resources expected (with reference to ESRS E1-5 and ESRS 2 GDR-A). This disclosure can be limited to (a) the approved and announced key actions and action plans and (b) the planned	(c) the amount of significant financial resources (operational or capital expenditure) allocated or expected to be allocated for the implementation of its ***transition plan for climate change mitigation***, including an indicative range of future financial resources expected (with reference to ESRS-40a E1-5 and ESRS-40a 2 GDR-A). This disclosure can be limited to (a) the approved and announced key actions and action plans and (b) the planned funding sources for implementing those actions (ESRS-40a 2 AR 41).	Change: Unchanged

2026 ESRS E1	ESRS-40a E1	Description of Change & Rationale
funding sources for implementing those actions (ESRS 2 AR 41).		
AR 2 (continued) The disclosure required by paragraph 12(a) focuses on providing the key elements necessary for demonstrating the coherence and credibility of the undertaking's transition plan for climate change mitigation. The undertaking is not required to disclose detailed internal information used to manage its transition plan for climate change mitigation beyond the scope of this disclosure.	**AR 2 (continued)** The disclosure required by paragraph 12(a) focuses on providing the key elements necessary for demonstrating the coherence and credibility of the undertaking's transition plan for climate change mitigation. The undertaking is not required to disclose detailed internal information used to manage its transition plan for climate change mitigation beyond the scope of this disclosure.	Change: Unchanged
AR 3 for para. 12(c) **(Key assumptions and dependencies)** Information on ***dependencies*** relate to, for instance, deployment of certain technologies, workforce availability or ability to implement changes in the ***value chain***. If applicable, the undertaking shall include information in line with ESRS 2 GDR-A regarding dependencies on future financial resources and other resources and how these may constrain the ***actions*** of the ***transition plan for climate change mitigation***. Information on assumptions relate to, e.g., expectations about regulatory requirements or the ability of an undertaking to implement planned changes within its value chain.	**AR 3 for para. 12(c)** **(Key assumptions and dependencies)** Information on ***dependencies*** relate to, for instance, deployment of certain technologies, workforce availability or ability to implement changes in the ***value chain***. accordance with ESRS 1 *General Requirements*, Chapter 3.3.2 *Level of Aggregation, Disaggregation*.	accordance with ESRS-40a 1 *General Requirements*, Chapter 3.3.2 *Level of Aggregation, Disaggregation*.	
Interaction with other ESRS	**Interaction with other ESRS-40a**	Change: Unchanged
10. Social and environmental ***topics*** interact with each other. The main points of interaction between ESRS E2 *Pollution* and the other topical standards are the following.	10. Social and environmental ***topics*** interact with each other. The main points of interaction between ESRS-40a E2 *Pollution* and the other topical standards are the following.	Change: Unchanged
(a) ESRS E1 *Climate Change* addresses ***emissions*** to air from the following seven ***greenhouse gases (GHGs)***: carbon dioxide (CO2), methane (CH4), nitrous oxide (N2O), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), sulphur hexafluoride (SF6) and nitrogen trifluoride (NF3). These GHG emissions are not addressed in ESRS E2 *Pollution*.	(a) ESRS-40a E1 *Climate Change* addresses ***emissions*** to air from the following seven ***greenhouse gases (GHGs)***: carbon dioxide (CO2), methane (CH4), nitrous oxide (N2O), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), sulphur hexafluoride (SF6) and nitrogen trifluoride (NF3). These GHG emissions are not addressed in ESRS-40a E2 *Pollution*.	Change: Unchanged
(b) ESRS E3 *Water* addresses the use of water resources, including through the volume of ***water discharge***. However, ***pollutants***, including ***microplastics***, emitted to water are addressed in ESRS E2 *Pollution.*	(b) ESRS-40a E3 *Water* addresses the use of water resources, including through the volume of ***water discharge***. However, ***pollutants***, including ***microplastics***, emitted to water are addressed in ESRS-40a E2 *Pollution.*	Change: Unchanged
(c) ESRS E4 *Biodiversity and Ecosystems* addresses ***pollution*** as a direct ***driver of biodiversity and ecosystem change***, addressing the ***impacts*** of pollution on ***biodiversity*** and ***ecosystems***, while ***emissions*** of ***pollutants*** are addressed in ESRS E2 *Pollution.*	(c) ESRS-40a E4 *Biodiversity and Ecosystems* addresses ***pollution*** as a direct ***driver of biodiversity and ecosystem change***, addressing the ***impacts*** of pollution on ***biodiversity*** and ***ecosystems***, while ***emissions*** of ***pollutants*** are addressed in ESRS-40a E2 *Pollution.*	Change: Unchanged
(d) ESRS E5 *Resource Use and Circular Economy* addresses ***resource use*** and the transition to a ***circular economy*** but does not address emissions of pollutants generated by ***waste*** or by resource extraction, transformation and use, which are covered by ESRS E2 *Pollution.*	(d) ESRS-40a E5 *Resource Use and Circular Economy* addresses ***resource use*** and the transition to a ***circular economy*** but does not address emissions of pollutants generated by ***waste*** or by resource extraction, transformation and use, which are covered by ESRS-40a E2 *Pollution.*	Change: Unchanged

2026 ESRS E2	ESRS-40a E2	Description of Change & Rationale
(e) ESRS S3 *Affected Communities* addresses the undertaking's ***pollution***-related impacts, as they may affect people and communities.	(e) ESRS-40a S3 *Affected Communities* addresses the undertaking's ***pollution***-related impacts, as they may affect people and communities.	Change: Unchanged
Disclosure Requirements **Impact, risk and opportunity management**	**Disclosure Requirements** **Impact~~, risk and opportunity~~ management**	Change: Amended Rationale: RORD
Disclosure Requirement E2-1 – *Policies related to pollution*	**Disclosure Requirement E2-1 – *Policies related to pollution***	Change: Unchanged
11. The undertaking shall disclose its ***pollution***-related ***policies*** in accordance with the provisions of ESRS 2 GDR-P.	11. The undertaking shall disclose its ***pollution***-related ***policies*** in accordance with the provisions of ESRS-40a 2 GDR-P.	Change: Unchanged
Disclosure Requirement E2-2 – *Actions and resources related to pollution*	**Disclosure Requirement E2-2 – *Actions and resources related to pollution***	Change: Unchanged
12. The undertaking shall disclose its key ***pollution***-related ***actions*** and resources allocated to the implementation of those actions in accordance with the provisions of ESRS 2 GDR-A.	12. The undertaking shall disclose its key ***pollution***-related ***actions*** and resources allocated to the implementation of those actions in accordance with the provisions of ESRS-40a 2 GDR-A.	Change: Unchanged
Metrics and targets	**Metrics and targets**	Change: Unchanged
Disclosure Requirement E2-3 – *Targets related to pollution*	**Disclosure Requirement E2-3 – *Targets related to pollution***	Change: Unchanged
13. The undertaking shall disclose its ***pollution***-related ***targets*** in accordance with the provisions of ESRS 2 GDR-T.	13. The undertaking shall disclose its ***pollution***-related ***targets*** in accordance with the provisions of ESRS-40a 2 GDR-T.	Change: Unchanged
Disclosure Requirement E2-4 – *Pollution of air, water and soil*	**Disclosure Requirement E2-4 – *Pollution of air, water and soil***	Change: Unchanged
14. The objective of this DR is to enable ***users*** to understand the undertaking's ***emissions*** of ***pollutants*** to air, water and ***soil***, and its manufacturing, use, and release into the environment of ***microplastics***.	14. The objective of this DR is to enable ***users*** to understand the undertaking's ***emissions*** of ***pollutants*** to air, water and ***soil***, and its manufacturing, use, and release into the environment of ***microplastics***.	Change: Unchanged
15. The undertaking shall disclose the amounts of material ***emissions*** of ***pollutants*** to air, water and ***soil*** from its own operations, including due to ***environmental accidents***, in the reporting period.[15]	15. The undertaking shall disclose the amounts of material ***emissions*** of ***pollutants*** to air, water and ***soil*** from its own operations, including due to ***environmental accidents***, in the reporting period.[1]	Change: Unchanged
16. The undertaking shall disclose the amounts of primary microplastics manufactured or used in its ***products***, and separately, those directly released into the environment.	16. The undertaking shall disclose the amounts of primary microplastics manufactured or used in its ***products***, and separately, those directly released into the environment.	Change: Unchanged

2026 ESRS E2	ESRS-40a E2	Description of Change & Rationale
APPLICATION REQUIREMENTS – ARs	**APPLICATION REQUIREMENTS – ARs**	
AR 1 for paras. 15 and 16 **(Pollution of air, water and soil)** The ***pollutants*** and primary ***microplastics*** shall be presented in relevant mass units, e.g. tonnes or kilogrammes.	**AR 1 for paras. 15 and 16** **(Pollution of air, water and soil)** The ***pollutants*** and primary ***microplastics*** shall be presented in relevant mass units, e.g. tonnes or kilogrammes.	Change: Unchanged
AR 2 for para. 15 **(Pollution of air, water and soil)** Material ***emissions*** of ***pollutants*** shall be identified through a managerial assessment that considers the undertaking's activities and sector of operation. The pollutants listed in Annex II of Regulation (EC) No 166/2006 (E-PRTR), Regulation (EU) 2024/1244 (IEPR) and subsequent amendments that apply to the undertaking, together with other pollutants that the undertaking measures or monitors, are a valuable input for this assessment. When determining whether the emission of a specific pollutant is material, the undertaking can consider the thresholds for releases in Annex II of Regulation (EU) 2024/1244.	**AR 2 for para. 15** **(Pollution of air, water and soil)** Material ***emissions*** of ***pollutants*** shall be identified through a managerial assessment that considers the undertaking's activities and sector of operation. The pollutants listed in Annex II of Regulation (EC) No 166/2006 (E-PRTR), Regulation (EU) 2024/1244 (IEPR) and subsequent amendments that apply to the undertaking, together with other pollutants that the undertaking measures or monitors, are a valuable input for this assessment. When determining whether the emission of a specific pollutant is material, the undertaking can consider the thresholds for releases mentioned in Annex II of Regulation (EU) 2024/1244.	Change: Amended Rationale: Other (editorial)
AR 3 for para. 15 **(Pollution of air, water and soil)** Transfers of water ***pollutants*** to external treatment plants qualify as ***pollution*** within the undertaking's downstream ***value chain.*** When they are material, the undertaking is expected to report on transfers as entity-specific disclosures (see ESRS 1 *General Requirements*, paragraphs 11 and 12).	**AR 3 for para. 15** **(Pollution of air, water and soil)** Transfers of water ***pollutants*** to external treatment plants qualify as ***pollution*** within the undertaking's downstream ***value chain.*** When they are material, the undertaking is expected to report on transfers as entity-specific disclosures (see ESRS-40a 1 *General Requirements*, paragraphs ~~11~~18 and ~~12~~19).	Change: Unchanged
	AR 4 for para. 16 (New) If the undertaking has exercised the option under ESRS-40a 1, paragraph 28, when reporting in accordance with paragraph 16, the undertaking shall report the amounts of primary ***microplastics***, covering:	Change: New Rationale: Mixed Approach
	(a) primary microplastics manufactured from own operations in the EU and those manufactured from own operations	Change: New

2026 ESRS E2	ESRS-40a E2	Description of Change & Rationale
	outside of the EU when they were or can be reasonably assumed to be sold or provided in the EU market;	Rationale: Mixed Approach
	(b) the use of primary microplastics in ***products*** from own operations in the EU and in products from operations outside of the EU that were or can be reasonably assumed to be sold or provided in the EU market; and	Change: New Rationale: Mixed Approach
	(c) primary microplastics directly released into the environment from own operations in the EU and those released from own operations outside of the EU where the direct release relates to products that were or can be reasonably assumed to be sold or provided in the EU market.	Change: New Rationale: Mixed Approach
	AR 4 (continued) When disclosing the above information, the undertaking may consider as a valuable input for its disclosure the obligations in Regulation (EU) 2025/2365 and Regulation (EC) No 1907/2006.	Change: New Rationale: Mixed Approach
Disclosure Requirement E2-5 – *Substances of concern and substances of very high concern*	**Disclosure Requirement E2-5 – *Substances of concern and substances of very high concern***	Change: Unchanged
17. The objective of this DR is to enable ***users*** to understand the undertaking's material ***impacts***, ***risks*** and ***opportunities*** linked to the manufacturing, trading or use of ***SoC*** and ***SVHC***, including risks arising from changes in regulations.	17. The objective of this DR is to enable ***users*** to understand the undertaking's material ***impacts, risks*** and ***opportunities*** linked to the manufacturing, trading or use of ***SoC*** and ***SVHC, including risks arising from changes in regulations***.	Change: Amended Rationale: RORD
18. ***Manufacturers of substances***, ***formulators*** of ***substances*** or ***importers*** of substances, whether on their own or in mixtures, shall disclose the total weight of ***SoC***, and separately, the total weight of ***SVHC*** that they:	18. ***Manufacturers of substances***, ***formulators*** of ***substances*** or ***importers*** of substances, whether on their own or in mixtures, shall disclose the total weight of ***SoC***, and separately, the total weight of ***SVHC*** that they:	Change: Unchanged
(a) procured as substances on their own or in mixtures;	(a) procured as substances on their own or in mixtures;	Change: Unchanged
(b) manufactured as substances on their own or in mixtures;	(b) manufactured as substances on their own or in mixtures;	Change: Unchanged
(c) ***placed on the market*** as substances on their own or in mixtures; and	(c) ***placed on the market*** as substances on their own or in mixtures; and	Change: Unchanged

2026 ESRS E2	ESRS-40a E2	Description of Change & Rationale
(d) directly released into the environment (air, water, and ***soil***), including unintentional releases from leaks or spills.	(d) directly released into the environment (air, water, and ***soil***), including unintentional releases from leaks or spills.	Change: Unchanged
19. ***Users of substances***, whether on their own or in mixtures, shall disclose:	19. ***Users of substances***, whether on their own or in mixtures, shall disclose:	Change: Unchanged
(a) the total weight of ***SVHC*** that they used during production and during the delivery of services; and	(a) the total weight of ***SVHC*** that they used during production and during the delivery of services; and	Change: Unchanged
(b) the total weight of SVHC that they directly released into the environment.	(b) the total weight of SVHC that they directly released into the environment.	Change: Unchanged
20. ***Manufacturers of articles***, ***importers of articles*** or ***users of articles*** that contain ***SVHC*** shall disclose the names of the ***substances*** that are present in a concentration above 0.1% weight by weight (w/w), as per Article 33 of Regulation (EC) No 1907/2006 (REACH), in:	20. ***Manufacturers of articles***, ***importers of articles*** or ***users of articles*** that contain ***SVHC*** shall disclose the names of the ***substances*** that are present in a concentration above 0.1% weight by weight (w/w), as per Article 33 of Regulation (EC) No 1907/2006 (REACH), in:	Change: Unchanged
(a) procured components or articles; and	(a) procured components or articles; and	Change: Unchanged
(b) components or articles ***placed on the market***.	(b) components or articles ***placed on the market***.	Change: Unchanged
APPLICATION REQUIREMENTS – ARs	**APPLICATION REQUIREMENTS – ARs**	
AR 4 for paras. 18 and 19 **(SoC and SVHC)** The requirements in paragraph 18 apply only to undertakings operating in the chemical sector, namely manufacturing chemical ***substances*** (e.g. NACE Rev.2.1 C20 and, if applicable, C21), formulating chemical mixtures (e.g. NACE Rev.2.1 C20.3, C20.4, C20.5) or operating in the wholesale of chemical substances (e.g. NACE Rev.2.1 G46.85). These requirements do not apply to undertakings whose main activity is the manufacture of non-chemical ***products***. The requirements in paragraph 19 apply only to undertakings that are outside the scope of paragraph 18.	**AR 4<u>5</u> for paras. 18 and 19** **(SoC and SVHC)** The requirements in paragraph 18 apply only to undertakings operating in the chemical sector, namely manufacturing chemical ***substances*** (e.g. NACE Rev.2.1 C20 <u>–</u> and, if applicable, C21), formulating chemical mixtures (e.g. NACE Rev.2.1 C20.3, C20.4, C20.5) or operating in the wholesale of chemical substances (e.g. NACE Rev.2.1 G46.85). These requirements do not apply to undertakings whose main activity is the manufacture of non-chemical ***products***. The requirements in paragraph 19 apply only to undertakings that are outside the scope of paragraph 18.	Change: Amended Rationale: Other (editorial)

2026 ESRS E2	ESRS-40a E2	Description of Change & Rationale
AR 5 for paras. 18 and 19 **(SoC and SVHC)** Undertakings reporting under paragraphs 18 or 19 shall present ***SVHC*** grouped by hazard class (as per CLP Regulation 1272/2008/EC). This implies that a single ***substance*** needs to be counted under all applicable hazard classes. However, in the total amounts of procured, manufactured, sold and released substances, double counting shall be avoided.	**AR ~~5~~6 for paras. 18 and 19** **(SoC and SVHC)** Undertakings reporting under paragraphs 18 or 19 shall present ***SVHC*** grouped by hazard class (as per CLP Regulation 1272/2008/EC). This implies that a single ***substance*** needs to be counted under all applicable hazard classes. However, in the total amounts of procured, manufactured, sold and released substances, double counting shall be avoided.	Change: Unchanged
AR 6 for paras. 18 and 19 **(SoC and SVHC)** The ***substances*** shall be presented in tonnes or kilogrammes, or other mass unit relevant to the quantity and types of ***pollutants*** being released.	**AR ~~6~~7 for paras. 18 and 19** **(SoC and SVHC)** The ***substances*** shall be presented in tonnes or kilogrammes, or other mass unit relevant to the quantity and types of ***pollutants*** being released.	Change: Unchanged
AR 7 for paras. 18, 19 and 20 **(SoC and SVHC)** The information provided under this DR may refer to information the undertaking is already required to report under other legislation (e.g. Directive 2010/75/EU, Regulation (EC) No 166/2006, their subsequent amendments, etc.).	**AR ~~7~~8 for paras. 18, 19 and 20** **(SoC and SVHC)** The information provided under this DR may refer to information the undertaking is already required to report under other legislation (e.g. Directive 2010/75/EU, Regulation (EC) No 166/2006, their subsequent amendments, etc.).	Change: Unchanged
	AR 9 for para. 18 (New) If the undertaking has exercised the option under ESRS-40a 1, paragraph 28, when reporting in accordance with paragraph 18, the undertaking shall report the total weights of ***SoC*** on their own or in mixtures, and separately the total weights of ***SVHC*** on their own or in mixtures, covering:	Change: New Rationale: Mixed Approach
	(a) ***substances*** procured within own operations in the EU;	Change: New Rationale: Mixed Approach
	(b) substances manufactured within own operations in the EU;	Change: New Rationale: Mixed Approach

2026 ESRS E2	ESRS-40a E2	Description of Change & Rationale
	(c) substances that were or can be reasonably assumed to be sold or provided in the EU market from own operations in the EU and from operations outside the EU; and	Change: New Rationale: Mixed Approach
	(d) substances directly released into the environment from own operations in the EU, as well as substances directly released to the environment from operations outside of the EU where the direct release relates to ***products*** that were or can be reasonably assumed to be sold or provided in the EU market.	Change: New Rationale: Mixed Approach
	AR 9 (continued) When disclosing the above information, the undertaking may consider as a valuable input for its disclosure the obligations in Regulation (EC) No 1907/2006.	Change: New Rationale: Mixed Approach
	AR 10 for para. 20 (New) If the undertaking has exercised the option under ESRS-40a 1, paragraph 28, when reporting in accordance with paragraph 20, the ***SVHC*** that are present in ***articles*** in a concentration above 0.1% weight by weight (w/w), it shall report the names of the ***substances***:	Change: New Rationale: Mixed Approach
	(a) in procured components or articles from own operations in the EU;	Change: New Rationale: Mixed Approach
	(b) in components or articles from own operations in the EU, as well as those from operations outside the EU that were or can be reasonably assumed to be sold or provided in the EU market.	Change: New Rationale: Mixed Approach
	AR 10 (continued) When disclosing the above information, the undertaking may consider as a valuable input for its disclosure the obligations in Regulation (EC) No 1907/2006.	Change: New Rationale: Mixed Approach

ESRS-40a E3 – *Water*

2026 ESRS E3	ESRS-40a E3	Description of Change & Rationale
Objective	**Objective**	Change: Unchanged
1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to water, particularly with respect to the sub-***topics*** specified in paragraph 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the ***materiality*** assessment, paragraph 30 of ESRS 1 *General Requirements* applies.	1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to water, particularly with respect to the sub-***topics*** specified in paragraph 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the ***materiality*** assessment, paragraph ~~30~~43 of ESRS-40a 1 *General Requirements* applies.	Change: Unchanged
2. The ***sustainability statement*** shall provide information in relation to ESRS E3 *Water* if this ***topic*** relates to material ***impacts***, ***risks*** and ***opportunities.*** Such information shall cover all the reporting areas listed in paragraph 5 of ESRS 1 *General Requirements*.	2. The ***ESRS-40a sustainability ~~statement~~report*** shall provide information in relation to ESRS E3 *Water* if this ***topic*** relates to material ***impacts~~, risks~~*** and ***~~opportunities.~~*** Such information shall cover all the reporting areas listed in paragraph ~~5~~7 of ESRS 1 *General Requirements*.	Change: Amended Rationale: Level 1 Provision, RORD
3. The DRs in this Standard complement the provisions in ESRS 2 *General Disclosures*, which require the undertaking to disclose information about topics related to material ***impacts***, ***risks*** and ***opportunities***, in particular:	3. The DRs in this Standard complement the provisions in ESRS-40a 2 *General Disclosures*, which require the undertaking to disclose information about topics related to material ***impacts***, ***~~risks~~*** and ***~~opportunities,~~***, in particular:	Change: Amended Rationale: RORD
(a) ESRS 2 SBM 3 *Interaction of material impacts, risks and opportunities with strategy and business model, and financial effects*; and	(a) ESRS-40a 2 SBM 3 *Interaction of material impacts~~, risks and opportunities~~ with strategy and business model~~, and financial effects~~*; and	Change: Amended Rationale: RORD
(b) ESRS 2 IRO 2 *Material impacts, risks and opportunities and disclosure requirements included in the sustainability statement*.	(b) ESRS-40a 2 ~~IRO~~ I-2 *Material impacts~~, risks and opportunities~~ and disclosure requirements included in the **ESRS-40a sustainability ~~statement~~report***.	Change: Amended Rationale: RORD; Level 1 Provision
4. In this Standard, each DR is introduced by a disclosure objective, except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS 2 *General Disclosures* GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	4. In this Standard, each DR is introduced by a disclosure objective, except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS-40a 2 *General Disclosures* GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	Change: Unchanged
5. This Standard takes account of EU regulatory frameworks and other relevant frameworks, including EU Water Framework Directive	5. This Standard takes account of EU regulatory frameworks and other relevant frameworks, including EU Water Framework Directive	Change: Unchanged

2026 ESRS E3	ESRS-40a E3	Description of Change & Rationale
(Directive 2000/60/EC), EU Drinking Water Directive (Directive 2020/2184/EU), Industrial Emissions Directive (Directive 2010/75/EU), EU Water Resilience Strategy, the Eco-Management and Audit Scheme (EMAS) Regulation (Regulation 1221/2009/EC), UN Watercourses Convention (1997) and UNECE Water Convention (1992).	(Directive 2000/60/EC), EU Drinking Water Directive (Directive 2020/2184/EU), Industrial Emissions Directive (Directive 2010/75/EU), EU Water Resilience Strategy, the Eco-Management and Audit Scheme (EMAS) Regulation (Regulation 1221/2009/EC), UN Watercourses Convention (1997) and UNECE Water Convention (1992).	
6. This Standard sets out DRs with respect to the following sub-***topics***: water use, which includes ***water withdrawal***; ***water consumption***; ***water discharge*** and ***water stored***.	6. This Standard sets out DRs with respect to the following sub-***topics***: water use, which includes ***water withdrawal***; ***water consumption***; ***water discharge*** and ***water stored***.	Change: Unchanged
7. Water encompasses ***freshwater*** and other types of water, for example brackish water, from different sources, such as ***surface water***, ***groundwater***, seawater, produced water and third-party water.	7. Water encompasses ***freshwater*** and other types of water, for example brackish water, from different sources, such as ***surface water***, ***groundwater***, seawater, produced water and third-party water.	Change: Unchanged
8. Context-specific considerations are particularly important in relation to water. If material ***impacts, risks*** or ***opportunities*** are connected to specific ***geographies,*** it is important to consider appropriate aggregation or disaggregation of the reported information, e.g. by ***site***, basin, area with ***water stress*** or any other level in accordance with ESRS 1 *General Requirements*, Chapter 3.3.2 *Level of Aggregation, Disaggregation*.	8. Context-specific considerations are particularly important in relation to water. If material ***impacts~~, risks~~*** or ***~~opportunities~~*** are connected to specific ***geographies,*** it is important to consider appropriate aggregation or disaggregation of the reported information, e.g. by ***site***, basin, area with ***water stress*** or any other level in accordance with ESRS-40a 1 *General Requirements*, Chapter 3.3.2 *Level of Aggregation, Disaggregation*.	Change: Amended Rationale: RORD

ESRS-40a E4 – *Biodiversity & Ecosystems*

2026 ESRS E4	ESRS-40a E4	Description of Change & Rationale
Objective	**Objective**	Change: Unchanged
1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to biodiversity and ecosystems, particularly with respect to the sub-***topics*** specified in paragraph 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the materiality assessment, paragraph 30 of ESRS 1 *General Requirements* applies.	1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to biodiversity and ecosystems, particularly with respect to the sub-***topics*** specified in paragraph 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the materiality assessment, paragraph ~~30~~43 of ESRS-40a 1 *General Requirements* applies.	Change: Unchanged
2. The ***sustainability statement*** shall provide information in relation to ESRS E4 *Biodiversity and Ecosystems* if this ***topic*** relates to material ***impacts***, ***risks*** and ***opportunities.*** Such information shall cover all the reporting areas listed in paragraph 5 of ESRS 1 *General Requirements*.	2. The ***ESRS-40a sustainability ~~statement~~ report*** shall provide information in relation to ESRS-40a E4 *Biodiversity and Ecosystems* if this ***topic*** relates to material ***impacts~~, risks~~*** and ~~***opportunities.***~~ Such information shall cover all the reporting areas listed in paragraph ~~5~~7 of ESRS-40a 1 *General Requirements*.	Change: Amended Rationale: Level 1 Provision, RORD
3. The DRs in this Standard complement the provisions in ESRS 2 *General Disclosures*, which require the undertaking to disclose information about ***topics*** related to material ***impacts***, ***risks*** and ***opportunities***, in particular:	3. The DRs in this Standard complement the provisions in ESRS-40a 2 *General Disclosures*, which require the undertaking to disclose information about ***topics*** related to material ***impacts***, ~~***risks*** and ***opportunities,***~~ in particular:	Change: Amended Rationale: RORD
(a) ESRS 2 SBM 3 *Interaction of material impacts, risks and opportunities with strategy and business model, and financial effects*; and	(a) ESRS-40a 2 SBM 3 *Interaction of material impacts, ~~risks and opportunities~~ with strategy and business model~~, and financial effects~~*; and	Change: Amended Rationale: RORD
(b) ESRS 2 IRO 2 *Material impacts, risks and opportunities and disclosure requirements included in the sustainability statement*.	(b) ESRS-40a 2 ~~IRO~~ I-2 *Material impacts~~, risks and opportunities~~ and disclosure requirements included in the ESRS-40a sustainability ~~statement~~ report*.	Change: Amended Rationale: RORD, Level 1 Provision
4. In this Standard, each DR is introduced by a disclosure objective except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS 2 GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	4. In this Standard, each DR is introduced by a disclosure objective except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS-40a 2 GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	Change: Unchanged
5. This Standard takes account of EU regulatory frameworks and other relevant frameworks, including the vision of the Kunming-	5. This Standard takes account of EU regulatory frameworks and other relevant frameworks, including the vision of the Kunming-	Change: Unchanged

2026 ESRS E4	ESRS-40a E4	Description of Change & Rationale
Montreal Global Biodiversity Framework and its relevant goals and ***targets***, relevant aspects of the EU Biodiversity Strategy for 2030, EU Birds and Habitats Directives (Directive 2009/147/EC of the European Parliament and of the Council and Council Directive 92/43/EEC), the Marine Strategy Framework Directive (Directive 2008/56/EC of the European Parliament and of the Council), the 2023 EU Marine Action Plan, the EU Water Framework Directive (Directive 2000/60/EC of the European Parliament), and the Nature Restoration Regulation (Regulation (EU) 2024/1991 of the European Parliament and of the Council).	Montreal Global Biodiversity Framework and its relevant goals and ***targets***, relevant aspects of the EU Biodiversity Strategy for 2030, EU Birds and Habitats Directives (Directive 2009/147/EC of the European Parliament and of the Council and Council Directive 92/43/EEC), the Marine Strategy Framework Directive (Directive 2008/56/EC of the European Parliament and of the Council), the 2023 EU Marine Action Plan, the EU Water Framework Directive (Directive 2000/60/EC of the European Parliament), and the Nature Restoration Regulation (Regulation (EU) 2024/1991 of the European Parliament and of the Council).	
6. This Standard sets out DRs with respect to the following sub-***topics***: ***drivers of biodiversity and ecosystem change***; the state of species; the condition and ***extent of terrestrial, freshwater and marine ecosystems***; and ***ecosystem services***.	6. This Standard sets out DRs with respect to the following sub-***topics***: ***drivers of biodiversity and ecosystem change***; the state of species; the condition and ***extent of terrestrial, freshwater and marine ecosystems***; and ***ecosystem services***.	Change: Unchanged
7. The terms '***biodiversity***' and '***biological diversity***' refer to the variability among living organisms from all sources including, inter alia, terrestrial, ***freshwater***, marine and other aquatic ***ecosystems*** and the ecological complexes of which they are part.	7. The terms '***biodiversity***' and '***biological diversity***' refer to the variability among living organisms from all sources including, inter alia, terrestrial, ***freshwater***, marine and other aquatic ***ecosystems*** and the ecological complexes of which they are part.	Change: Unchanged
8. Context-specific considerations are particularly important in relation to ***biodiversity*** and ***ecosystems***. If material ***impacts***, ***risks*** or ***opportunities*** are related to specific ***geographies,*** it is important to consider appropriate aggregation or disaggregation of the reported information, e.g. by ***site***, ecosystem or another level in accordance with ESRS 1 *General Requirements*, Chapter 3.3.2 *Level of Aggregation, Disaggregation*.	8. Context-specific considerations are particularly important in relation to ***biodiversity*** and ***ecosystems***. If material ***impacts~~, risks or opportunities~~*** are related to specific ***geographies,*** it is important to consider appropriate aggregation or disaggregation of the reported information, e.g. by ***site***, ecosystem or another level in accordance with ESRS-40a 1 *General Requirements*, Chapter 3.3.2 *Level of Aggregation, Disaggregation*.	Change: Amended Rationale: RORD
Interaction with other ESRS	**Interaction with other ESRS**-40a	Change: Unchanged

2026 ESRS E4	ESRS-40a E4	Description of Change & Rationale
To inform the prioritisation for disclosure and the level of aggregation or disaggregation, the undertaking shall consider locations where its own operations are related to material negative ***impacts*** on ***biodiversity-sensitive areas***. The undertaking is not necessarily expected to provide an exhaustive list of all individual ***sites*** or locations where its own operations interact with biodiversity-sensitive areas or to provide information for each of its individual sites. The undertaking can aggregate information to relevant groups of sites related to its material impacts, ***risks*** and ***opportunities***, for example based on the same biodiversity-sensitive area or cluster of areas in a region affected by multiple sites. The level of detail, aggregation or disaggregation of information shall be determined in accordance with the principles set out in ESRS 1 *General Requirements*, Section 3.3.2, taking into account the nature of the material impacts, risks and opportunities, the similarity of sites or areas affected, and the decision-usefulness of the information provided. Accordingly, the undertaking may present information at an aggregated level for groups of sites or areas that are subject to similar ***biodiversity***-related impacts, risks or opportunities, provided that such aggregation does not obscure material information.	To inform the prioritisation for disclosure and the level of aggregation or disaggregation, the undertaking shall consider locations where its own operations are related to material negative ***impacts*** on ***biodiversity-sensitive areas***. The undertaking is not necessarily expected to provide an exhaustive list of all individual ***sites*** or locations where its own operations interact with biodiversity-sensitive areas or to provide information for each of its individual sites. The undertaking can aggregate information to relevant groups of sites related to its material impacts, ~~***risks*** and ***opportunities,***~~ for example based on the same biodiversity-sensitive area or cluster of areas in a region affected by multiple sites. The level of detail, aggregation or disaggregation of information shall be determined in accordance with the principles set out in ESRS-40a 1 *General Requirements*, Section 3.3.2, taking into account the nature of the material impacts~~, risks and opportunities,~~ the similarity of sites or areas affected, and the decision-usefulness of the information provided. Accordingly, the undertaking may present information at an aggregated level for groups of sites or areas that are subject to similar ***biodiversity***-related impacts~~, risks or opportunities,~~ provided that such aggregation does not obscure material information.	Rationale: RORD
AR 9 for para. 20 **(Metrics related to biodiversity and ecosystems change)** When providing the description of material ***impacts*** in accordance with ESRS 2 IRO-2, the undertaking shall indicate which material impacts concern ***land degradation***, ***desertification*** or ***soil sealing*** and operations that affect ***threatened species*** or ***ecosystems***.[22]	**AR 9 for para. 20** **(Metrics related to biodiversity and ecosystems change)** When providing the description of material ***impacts*** in accordance with ESRS-40a 2 ~~IRO-~~I-2, the undertaking shall indicate which material impacts concern ***land degradation***, ***desertification*** or ***soil sealing*** and operations that affect ***threatened species*** or ***ecosystems***.[4]	Change: Amended Rationale: RORD

(a) the frequency of monitoring and the baseline condition or value and baseline year or period; and	(a) the frequency of monitoring and the baseline condition or value and baseline year or period; and	Change: Unchanged
(b) whether the metrics enable ***users*** to understand how they relate to the material ***impacts***.	(b) whether the metrics enable ***users*** to understand how they relate to the material ***impacts***.	Change: Unchanged

ESRS-40a E5 – *Resource Use & Circular Economy*

2026 ESRS E5	ESRS-40a E5	Description of Change & Rationale
Objective	**Objective**	Change: Unchanged
1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to resource use and circular economy, particularly with respect to the sub-***topics*** specified in paragraphs 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the ***materiality*** assessment, paragraph 30 of ESRS 1 *General Requirements* applies.	1. The objective of this Standard is to set out Disclosure Requirements (DRs) related to resource use and circular economy, particularly with respect to the sub-***topics*** specified in paragraph~~s~~ 6 of this Standard. If not all the sub-topics prescribed by this Standard are to be reported following the ***materiality*** assessment, paragraph ~~30~~43 of ESRS-40a 1 *General Requirements* applies.	Change: Unchanged
2. The ***sustainability statement*** shall provide information in relation to ESRS E5 *Resource Use and Circular Economy* if this ***topic*** relates to material ***impacts***, ***risks***, and ***opportunities***. Such information shall cover all the reporting areas listed in paragraph 5 of ESRS 1 *General Requirements*.	2. The ***ESRS-40a sustainability ~~statement~~report*** shall provide information in relation to ESRS-40a E5 *Resource Use and Circular Economy* if this ***topic*** relates to material ***impacts~~, risks~~***, and ~~***opportunities***~~. Such information shall cover all the reporting areas listed in paragraph ~~5~~7 of ESRS-40a 1 *General Requirements*.	Change: Amended Rationale: Level 1 Provision, RORD
3. The DRs in this Standard complement the provisions in ESRS 2 *General Disclosures*, which require the undertaking to disclose information about topics related to material ***impacts***, ***risks*** and ***opportunities***, in particular:	3. The DRs in this Standard complement the provisions in ESRS-40a 2 *General Disclosures*, which require the undertaking to disclose information about topics related to material ***impacts***, ~~***risks*** and ***opportunities,***~~ in particular:	Change: Amended Rationale: RORD
(a) ESRS 2 SBM 3 *Interaction of material impacts, risks and opportunities with strategy and business model, and financial effects*; and	(a) ESRS-40a 2 SBM 3 *Interaction of material impacts~~, risks and opportunities~~ with strategy and business model~~, and financial effects~~*; and	Change: Amended Rationale: RORD
(b) ESRS 2 IRO 2 *Material impacts, risks and opportunities and disclosure requirements included in the sustainability statement*.	(b) ESRS-40a 2 ~~IRO~~ I-2 *Material impacts~~, risks and opportunities~~ and disclosure requirements included in the **ESRS-40a sustainability ~~statement~~report***.	Change: Amended Rationale: RORD, Level 1 Provision
4. In this Standard, each DR is introduced by a disclosure objective except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS 2 GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	4. In this Standard, each DR is introduced by a disclosure objective except for ***policies***, ***actions*** and ***targets***, for which the provisions in ESRS-40a 2 GDR-P, GDR-A and GDR-T provide the necessary framing for the relevant DRs.	Change: Unchanged

2026 ESRS E5	ESRS-40a E5	Description of Change & Rationale
5. This standard takes account of EU policy and regulatory frameworks, including the EU Circular Economy Action Plan (2020), the European Clean Industrial Deal (2025), the Eco-design for Sustainable Products Regulation (Regulation (EU) 2024/1781), the Waste Framework Directive (Directive 2008/98/EC), the Right to Repair Directive (EU) 2024/1799) and the Critical Raw Materials Act (Regulation (EU) 2024/1252).	5. This standard takes account of EU policy and regulatory frameworks, including the EU Circular Economy Action Plan (2020), the European Clean Industrial Deal (2025), the Eco-design for Sustainable Products Regulation (Regulation (EU) 2024/1781), the Waste Framework Directive (Directive 2008/98/EC), the Right to Repair Directive (EU) 2024/1799) and the Critical Raw Materials Act (Regulation (EU) 2024/1252).	Change: Unchanged
6. This Standard sets out DRs with respect to the following sub-***topics***: ***resource inflows***; ***resource outflows*** related to ***products*** and services; resource outflows related to ***waste***.	6. This Standard sets out DRs with respect to the following sub-***topics***: ***resource inflows***; ***resource outflows*** related to ***products*** and services; resource outflows related to ***waste***.	Change: Unchanged
Interaction with other ESRS	**Interaction with other ESRS**-40a	Change: Unchanged
7. Environmental and social ***topics*** interact with each other. The points of interaction between ESRS E5 *Resource Use and Circular Economy* and the other topical standards are listed below:	7. Environmental and social ***topics*** interact with each other. The points of interaction between ESRS-40a E5 *Resource Use and Circular Economy* and the other topical standards are listed below:	Change: Unchanged
(a) ESRS E1 *Climate Change* addresses ***climate change mitigation***, ***climate change adaptation*** and energy consumption, whereas ESRS E5 *Resource Use and Circular Economy* addresses inflows of materials (including ***fossil fuels*** not used for energy), resource extraction and ***circular economy*** practices that can reduce ***GHG emissions*** (carbon footprint) and energy intensity.	(a) ESRS-40a E1 *Climate Change* addresses ***climate change mitigation***, ***climate change adaptation*** and energy consumption, whereas ESRS-40a E5 *Resource Use and Circular Economy* addresses inflows of materials (including ***fossil fuels*** not used for energy), resource extraction and ***circular economy*** practices that can reduce ***GHG emissions*** (carbon footprint) and energy intensity.	Change: Unchanged
(b) ESRS E2 *Pollution* addresses ***emissions*** of ***pollutants*** to air, water and soil (including ***microplastics***), and ***substances of concern (SoC)***, including ***substances of very high concern (SVHC)***, whereas ESRS E5 *Resource Use and Circular Economy* addresses ***resource use*** and ***waste*** management practices that may generate or mitigate such emissions in the ***value chain***.	(b) ESRS-40a E2 *Pollution* addresses ***emissions*** of ***pollutants*** to air, water and soil (including ***microplastics***), and ***substances of concern (SoC)***, including ***substances of very high concern (SVHC)***, whereas ESRS-40a E5 *Resource Use and Circular Economy* addresses ***resource use*** and ***waste*** management practices that may generate or mitigate such emissions in the ***value chain***.	Change: Unchanged
(c) ESRS E3 *Water* addresses the use and management of water as a physical resource and the operations of the undertaking	(c) ESRS-40a E3 *Water* addresses the use and management of water as a physical resource and the operations of the	Change: Unchanged

2026 ESRS E5	ESRS-40a E5	Description of Change & Rationale
in areas with ***water stress***, whereas ESRS E5 *Resource Use and Circular Economy* addresses ***marine resources*** and water-intensive processes through which circular measures can reduce consumption and improve efficiency.	undertaking in areas with ***water stress***, whereas ESRS-40a E5 *Resource Use and Circular Economy* addresses ***marine resources*** and water-intensive processes through which circular measures can reduce consumption and improve efficiency.	
(d) ESRS E4 *Biodiversity and Ecosystems* addresses ***biodiversity*** and ***ecosystems impacts***, whereas ESRS E5 *Resource Use and Circular Economy* addresses resource use, waste management and ***circular economy*** activities that may contribute to or alleviate such impacts.	(d) ESRS-40a E4 *Biodiversity and Ecosystems* addresses ***biodiversity*** and ***ecosystems impacts***, whereas ESRS-40a E5 *Resource Use and Circular Economy* addresses resource use, waste management and ***circular economy*** activities that may contribute to or alleviate such impacts.	Change: Unchanged
(e) ESRS S3 *Affected Communities* addresses material ***impacts*** on people and communities arising from the undertaking's activities, including those linked to resource use, ***products*** and services, and waste, whereas ESRS E5 *Resource Use and Circular Economy* addresses these activities from a technical perspective in terms of ***resource inflows***, ***resource outflows***, waste and ***circular economy*** practices.	(e) ESRS-40a S3 *Affected Communities* addresses material ***impacts*** on people and communities arising from the undertaking's activities, including those linked to resource use, ***products*** and services, and waste, whereas ESRS-40a E5 *Resource Use and Circular Economy* addresses these activities from a technical perspective in terms of ***resource inflows***, ***resource outflows***, waste and ***circular economy*** practices.	Change: Unchanged
(f) ESRS S4 *Consumers and End-users* addresses information-related impacts on ***consumers*** or ***end-users***, their personal safety and their social inclusion, whereas ESRS E5 addresses resource use, waste management and ***circularity*** aspects of those same products and services. Disclosures under ESRS E5 *Resource Use and Circular Economy* on these aspects are relevant for understanding the information-related and inclusion impacts on consumers and end-users that are reported under ESRS S4 Consumers and End-users.	(f) ESRS-40a S4 *Consumers and End-users* addresses information-related impacts on ***consumers*** or ***end-users***, their personal safety and their social inclusion, whereas ESRS-40a E5 addresses resource use, waste management and ***circularity*** aspects of those same products and services. Disclosures under ESRS-40a E5 *Resource Use and Circular Economy* on these aspects are relevant for understanding the information-related and inclusion impacts on consumers and end-users that are reported under ESRS-40a S4 Consumers and End-users.	Change: Unchanged
Disclosure Requirements **Impacts, risks and opportunities' management**	**Disclosure Requirements** **Impacts~~, risks and opportunities'~~ management**	Change: Amended

(c) with regard to the undertaking's employees, the number of cases of recordable work-related ill health, subject to legal restrictions on the collection of data; and	(e) with regard to the undertaking's employees, the number of cases of recordable work-related ill health, subject to legal restrictions on the collection of data; and	Change: Unchanged

(d) with regard to the undertaking's employees, the number of days lost to recordable work-related accidents and recordable work-related ill health.[8]	(f) with regard to the undertaking's employees, the number of days lost to recordable work-related accidents and recordable work-related ill health.[5]	Change: Unchanged
If the undertaking assesses ESRS S1-6 to be material, it shall include in the information under point (b)(i) and (c) also the cases among the ***non-employees*** in its own workforce. Where applicable, it shall break this information down between employees and non-employees.	If the undertaking assesses ESRS-40a S1-6 to be material, it shall include in the information under point (b)(i) and (c) also the cases among the ***non-employees*** in its own workforce. Where applicable, it shall break this information down between employees and non-employees.	Change: Unchanged
APPLICATION REQUIREMENTS – ARs	**APPLICATION REQUIREMENTS – ARs**	
AR 24 for para. 37(a) **(Occupational safety and health management system coverage)** The percentage of the undertaking's ***own workforce*** that is covered by its ***occupational safety and health management system*** shall be disclosed on a headcount basis rather than a full-time equivalent basis.	**AR ~~24~~27 for para. ~~37~~38(a)** **(Occupational safety and health management system coverage)** (ESRS S1, AR 24) The percentage of the undertaking's ***own workforce*** that is covered by its ***occupational safety and health management system*** shall be disclosed on a headcount basis rather than a full-time equivalent basis.	Change: Unchanged

AR 25 for para. 37(c) **(Calculation of recordable work-related accidents)** When computing the rate of ***recordable work-related accidents***, the undertaking shall divide the number of cases by the number of total hours worked by people in its ***own workforce***, multiplied by 1 000 000. This represents the number of cases per one million hours worked and roughly corresponds to the total hours worked by 500 full-time workers in one year. If national law in the countries where the undertaking's ***employees*** work defines 'work-related accidents' in a different way than the ESRS Glossary definition of 'recordable work-related accident', the undertaking may use the national definition. In that case, it shall disclose this fact in accordance with ESRS 2 GDR-M. If the undertaking uses estimates, it shall use normal or standard hours of work, taking into account entitlements to periods of paid leave of absence from work (for example, paid vacations, paid sick leave, public holidays) and explain this in its disclosures.	**AR ~~25~~28 for para. ~~37~~38(c)** **(Calculation of recordable work-related accidents)** (ESRS S1, AR 25) When computing the rate of ***recordable work-related accidents***, the undertaking shall divide the number of cases by the number of total hours worked by people in its ***own workforce***, multiplied by 1 000 000. This represents the number of cases per one million hours worked and roughly corresponds to the total hours worked by 500 full-time workers in one year. If national law in the countries where the undertaking's ***employees*** work defines 'work-related accidents' in a different way than the ESRS-40a Glossary definition of 'recordable work-related accident', the undertaking may use the national definition. In that case, it shall disclose this fact in accordance with ESRS-40a 2 GDR-M. If the undertaking uses estimates, it shall use normal or standard hours of work, taking into account entitlements to periods of paid leave of absence from work (for example, paid vacations, paid sick leave, public holidays) and explain this in its disclosures.	Change: Unchanged
AR 26 for para. 37(c) **(Fatalities from recordable work-related accidents)** Fatalities that result from ***recordable work-related accidents*** are included in this figure.	**AR ~~26~~29 for para. ~~37~~38(c)** **(Fatalities from recordable work-related accidents)** (ESRS S1, AR 26) Fatalities that result from ***recordable work-related accidents*** are included in this figure.	Change: Unchanged

AR 27 for para. 37(d) **(Cases of recordable work-related ill health)** 'Cases of recordable work-related ill health' in paragraph 37(d) refers to cases of work-related ill-health about which the undertaking has been informed by the affected people, compensation agencies or healthcare professionals or to cases that it has identified through medical surveillance during the reporting period. In this context, work-related musculoskeletal disorders are covered under work-related ill health (and not under work-related accidents).	**AR ~~27~~30 for para. ~~37~~38(d)** **(Cases of recordable work-related ill health)** (ESRS S1, AR 27) 'Cases of ***recordable work-related ill health***' in paragraph ~~37~~38(d) refers to cases of work-related ill-health about which the undertaking has been informed by the affected people, compensation agencies or healthcare professionals or to cases that it has identified through medical surveillance during the reporting period. In this context, work-related musculoskeletal disorders are covered under work-related ill health (and not under work-related accidents).	Change: Unchanged
AR 28 for para. 37(e) **(Days lost)** The number of days lost shall include the first full day and the last day of absence. Calendar days shall be used for the count. Days on which the affected individual is not scheduled for work (for example weekends, public holidays) will therefore count as days lost.	**AR ~~28~~31 for para. ~~37~~38(e)** **(Days lost)** (ESRS S1, AR 28) The number of days lost shall include the first full day and the last day of absence. regarding actual or ***potential impacts*** that affect them or other stakeholders.		
Child labour Work that deprives children of their childhood, their potential and their dignity, and that is harmful to physical and mental development. It refers to work that: (a) is mentally, physically, socially or morally dangerous and harmful to children; and/or (b) interferes with their schooling by depriving them of the opportunity to attend school; obliges them to leave school prematurely, or requires them to attempt to combine school attendance with excessively long and heavy work. A child is defined as a person under the age of 18. Whether or not particular forms of 'work' can be called '***child labour***' depends on the child's age, the type and hours of work performed and the conditions under which it is performed. The answer varies from country to country, as well as among sectors within countries. The minimum age of work should not be less than the minimum age of completion of compulsory schooling, and, in any case, should not be less than 15 years according to International Labour Organization (ILO) Convention No. 138 on Minimum Age. Exceptions can occur in certain countries where economies and educational facilities are insufficiently developed, and a minimum age of 14 years applies. These countries of exception are specified by the ILO in response to a special application by the country concerned and in	**Child labour** Work that deprives children of their childhood, their potential and their dignity, and that is harmful to physical and mental development. Internal carbon pricing scheme An organisational arrangement that allows an undertaking to apply carbon prices in strategic and operational decision making. Internal carbon price is a price used by an undertaking to assess the financial implications of changes to investment, production, and consumption patterns, and of potential technological progress and future emissions abatement costs. There are two types of internal carbon prices commonly used by undertakings. The first type is a shadow price, which is a theoretical cost or notional amount that the undertaking does not charge but that can be used in assessing the economic implications or trade-offs for such things as risk impacts, new investments, net present value of projects, and the cost-benefit of various initiatives. The second type is an internal tax or fee, which is a carbon price charged to a business activity, ***product*** line, or other business unit based on its ***GHG emissions*** (these internal taxes or fees are similar to intracompany transfer pricing).	**Internal carbon pricing scheme** An organisational arrangement that allows an undertaking to apply carbon prices in strategic and operational decision making. Change: Unchanged
Water stored Water held in water storage facilities or reservoirs.	**Water stored** Water held in water storage facilities or reservoirs.	Change: Unchanged
Water stress	**Water stress**	Change: Unchanged

Revised ESRS Annex II	ESRS-40a Annex II	Description of Change & Rationale
The ability, or lack thereof, to meet the human and ecological demand for water. ***Water stress*** is an inclusive concept that considers several physical aspects related to water resources, including water availability, water quality, and the accessibility of water (i.e. whether people are able to make use of physically available water supplies), which is often a function of the sufficiency of infrastructure and the affordability of water, among other things.	The ability, or lack thereof, to meet the human and ecological demand for water. ***Water stress*** is an inclusive concept that considers several physical aspects related to water resources, including water availability, water quality, and the accessibility of water (i.e. whether people are able to make use of physically available water supplies), which is often a function of the sufficiency of infrastructure and the affordability of water, among other things.	
Water withdrawal The sum of all water drawn into the boundaries of the undertaking from all sources for any use over the course of the reporting period.	**Water withdrawal** The sum of all water drawn into the boundaries of the undertaking from all sources for any use over the course of the reporting period.	Change: Unchanged
Worker in the value chain An individual performing work in the ***value chain*** of the undertaking, regardless of the existence or nature of any contractual relationship with the undertaking. In ESRS, the scope of ***workers in the value chain*** includes all workers in the undertaking's upstream and downstream value chain who are or can be materially impacted by the undertaking. This includes ***impacts*** that are connected to the undertaking's own operations, and value chain, including through its ***products*** or services, as well as through its ***business relationships***. This includes all workers who are not in the scope of '***own workforce***' ('own workforce' includes people who are in an employment relationship with the undertaking ('***employees***') and ***non-employees*** who are either individual contractors supplying labour to the undertaking ('self-employed people') or people provided by undertakings primarily engaged in employment activities (NACE Code O78).	**Worker in the value chain** An individual performing work in the ***value chain*** of the undertaking, regardless of the existence or nature of any contractual relationship with the undertaking. In ESRS-40a, the scope of ***workers in the value chain*** includes all workers in the undertaking's upstream and downstream value chain who are or can be materially impacted by the undertaking. This includes ***impacts*** that are connected to the undertaking's own operations, and value chain, including through its ***products*** or services, as well as through its ***business relationships***. This includes all workers who are not in the scope of '***own workforce***' ('own workforce' includes people who are in an employment relationship with the undertaking ('***employees***') and ***non-employees*** who are either individual contractors supplying labour to the undertaking ('self-employed people') or people provided by undertakings primarily engaged in employment activities (NACE Code O78). Workers' representatives ***Workers' representatives means***:	**Workers' representatives** ***Workers' representatives means***:	Change: Unchanged

Revised ESRS Annex II	ESRS-40a Annex II	Description of Change & Rationale
(a) trade union representatives, namely representatives designated or elected by trade unions or by members of such unions in accordance with national legislation and practice; (b) duly elected representatives, namely representatives who are freely elected by the workers of the organisation, not under the domination or control of the employer in accordance with provisions of national laws or regulations or of collective agreements and whose functions do not include activities which are the exclusive prerogative of trade unions in the country concerned and which existence is not used to undermine the position of the trade unions concerned or their representatives.	(a) trade union representatives, namely representatives designated or elected by trade unions or by members of such unions in accordance with national legislation and practice; (b) duly elected representatives, namely representatives who are freely elected by the workers of the organisation, not under the domination or control of the employer in accordance with provisions of national laws or regulations or of collective agreements and whose functions do not include activities which are the exclusive prerogative of trade unions in the country concerned and which existence is not used to undermine the position of the trade unions concerned or their representatives.	
Work-life balance Satisfactory state of equilibrium between an individual's work and private life. ***Work-life balance*** in a broader sense encompasses not only the balance between work and private life given family or care responsibilities, but also time allocation between time spent at work and in private life beyond family responsibilities.	**Work-life balance** Satisfactory state of equilibrium between an individual's work and private life. ***Work-life balance*** in a broader sense encompasses not only the balance between work and private life given family or care responsibilities, but also time allocation between time spent at work and in private life beyond family responsibilities.
